Community Values:

As a community, Bellevue values feeling and being safe where people live, learn, work, and play. Feeling and being safe involves both prevention and emergency response. Well-lighted streets, clean public spaces, enforcement of laws, modern construction codes, and rapid, effective emergency response by police and fire all contribute to a safe community. A safe community is also one that plans for and is well prepared to respond to disasters. In a safe community, residents and businesses work together to make the community safer and stronger.

Safety is fundamental to a vibrant community. It is critical to attracting people and businesses. In a safe community, neighbors take pride in their neighborhoods and businesses thrive and contribute to providing the resources for municipal services that people view as important.

Are We Achieving Results that Matter?

Results from the 2013 Performance Survey suggest that residents feel about the same as they did in 2012 regarding safety in Bellevue. Confidence in planning and responding to emergencies while still high is slightly less than the previous year when it comes to planning for major emergencies. Operational data from Police, Fire, Transportation, Development Services and other departments all show that Bellevue is a safe place in which to live, learn, work and play.

According to the 2013 Performance Survey, being a safe place to live was the most frequently mentioned top attribute by Bellevue residents. Criminal Prosecution Services is an on-going service that is a key component to that sense of Safe Community. Once the police make an arrest or issue a traffic infraction, it is the Prosecutors who continue the response to those who violate the law. Prosecutors review and file criminal charges and are the City’s representative in court. When individuals fail to comply with the Court’s sentence, it is the prosecutors who seek to hold defendants accountable. Additionally, the Police and the Prosecutor’s Office have teamed together to ensure that traffic infractions are successfully prosecuted. This serves to fulfill the Police mission of reducing collisions and to facilitate the safe and expeditious flow of traffic by encouraging compliance with traffic regulations. This has an added benefit of increasing revenue for the City’s General Fund Programs.

This proposal provides resources for emergency and non-emergency responses for fire suppression and emergency medical incidents for the City of Bellevue and six surrounding contract municipalities. The Fire Department responds to variety of emergencies including fires, emergency medical incidents, motor vehicle accidents, rescues and hazardous materials incidents as well as to a wide variety of non-emergency service requests. Firefighters also participate in a number of other activities that support community safety. These services are deployed from nine (9) fire stations geographically located to provide timely response to fire and medical emergencies. Due to budgetary constraints, all requested enhancements to this proposal were removed during the Budget One process and this proposal funding remains at the existing service level. This proposal provides for the routine maintenance and operating costs for Bellevue’s nine fire stations and the Public Safety Training Center. Essential fire facilities operate 24 hours a day, seven days a week. Over 200 firefighters live and work in these Fire facilities. Proactive preventative maintenance of facilities is required to provide a safe working environment for personnel, to ensure that fire stations remain operable to allow for the continuous provision of fire services, and to maximize the useful life of facilities.

How do you get people to prepare for something that may never happen? The Fire Department strives to inform and educate our citizens on the hazards and risks in their community, so that they can take steps or precautions to reduce the likelihood that they will have a fire, and to make a plan and provide training for emergency and disaster related events.

There are significant challenges in reaching our target audiences and this proposal support a multi-faceted approach to delivering targeted and applicable outreach to the community.

While every member of the Fire Department has an important role in outreach and education, this proposal is limited to 1 FTE and portions of 2 FTEs that coordinate the delivery of the information: Fire Education Coordinator (Fire Prevention Division – 1.0 FTE); Community Liaison Officer (Fire Administration – .5 FTE); Emergency Management Coordinator (Office of Emergency Management – .5 FTE).

East Metro Training Group (EMTG) is a training consortium of five (5) eastside fire departments: Bellevue, Kirkland, Mercer Island, Northshore, and Redmond. An Interlocal Agreement was entered into by the City Council in December 2013. Bellevue Fire is the lead agency of EMTG. The purpose of the group is to provide cooperation, excellence and safety in all aspects of fire training. There are numerous benefits to having our five departments' train together, including: improved interoperability on the training ground and at emergency incidents; an expanded pool of training officers; leveraging partner agencies resources to provide exceptional training for recruit firefighters; and encourage innovation in equipment and response procedures by coordinating the development and implementation of "best practices" across consortium agencies. Bellevue's participation in EMTG is coordinated through the Commander of Bellevue's Fire Training Division.

Firefighters (FF) have a physically challenging job. Fire personnel can be hurt responding to a scene, at a fire, during training, and performing work around the station. However, the most common cause of FF injury is lifting/moving patients. Annually between 75-80% of the calls Fire responds to are emergency medical service (EMS) calls. Ergonomic studies have proven that EMS personnel experience frequent spinal injuries due to repetitive motions, such as lifting, lowering, loading, carrying, and bending. Over the past 18 months, Fire and Risk Management has evaluated the various powered/mechanized stretchers available and conducted an in-service trial at several stations. Based on this evaluation, the department is seeking to purchase powered stretcher for all of our Basic Life Support (BLS) units.

Bellevue Probation utilizes research proven assessment, supervision and behavior change tools to monitor adult misdemeanor offenders, maintain a safe community and reduce recidivism. Felony Crimes (ex; murder, arson) are sentenced in Superior Court and referred to the Dept. of Corrections for probation. King County District Court, Bellevue Division refers misdemeanor offenders (ex; theft, DUI) to Bellevue Probation and Electronic Home Detention programs. City prosecutors also refer eligible offenders for probation based diversion programs. Probation also provides or assists with diversion programs for youth including Youth Court and the Truancy Board. Without these alternatives, the court would resort to imposing jail sentences for all offenders. Probation costs about \$3.00 per day per offender compared to \$ 120.00 per day to sit in jail.

The criminal justice system includes police, prosecution, defense, court, probation/EHD, jails/jail alternatives and human services. All are necessary to optimize the individual efforts of each one and provide the environment for a safe community. Bellevue probation supervises over 1,000 offenders annually.

The Patrol Section of the Bellevue Police Department delivers 24X7 police services to Bellevue citizens and visitors. Officers contribute toward a Safe Community by being First Responders and engaging in Community Oriented Policing (COP). The mission of patrol is crime reduction, traffic safety, and building relationships (CTR).

The primary first response element is made up of eight patrol squads and the K-9 unit. The K-9 unit's main functions include locating suspects and property as well as providing specialized resources to Patrol that enhances the safety of officers and citizens.

The Special Enforcement Team (SET) supports the Patrol and Investigation Sections by targeting our most active career criminals and prevalent crimes throughout the region. Focusing on career criminals causes significant reduction in crime. SET also provides a quick response element to locate suspects that flee outside the city.

The Investigations section is comprised of specialized detectives who respond to, investigate and support the needs of first responders, city government, and Bellevue citizens. Due to the nature of this investigative work, assigned personnel have acquired skills, training, and expertise beyond those possessed by patrol officers. The Investigations section include the following units: Violent Crimes, Special Assault, Digital Forensics, Property Crimes, Economic Crimes, Vice, Crime Prevention, Forensics Lab, Crime Analysis, and one detective assigned to the Joint Terrorism Task Force. These resources make the City of Bellevue a Safe Community by incorporating Prevention, Response, and Planning & Preparation. Increased workload and added complexity of our investigations created a need for an additional three (3) Detective FTE's. Interim City Manager Brad Miyake authorized 3 LTE positions (Special Assault, Digital Forensics, and Vice) as a stop-gap measure for the 2014 calendar year.

FTE/LTE:	4.00/0.00	4.00/0.00

This is a joint proposal on Domestic Violence Response and Prevention from the Bellevue City Attorney’s Office, the Bellevue Probation Services Unit, and the Bellevue Police Department. Domestic violence has horrific and long-lasting effects if not effectively addressed. All participants in the City’s response to domestic violence (police, victim advocates, prosecutors and probation) must play a role in order for a domestic violence program to succeed and prevent the violence from reoccurring. For the City’s domestic violence response and prevention efforts to remain successful, each participant must work with, not in isolation from, the others. Removing one piece from the collaborative effort seriously undermines the efficacy of our domestic violence program and negatively impacts the safety and quality of our community.

This proposal funds four Narcotics Detectives and one Detective Lieutenant charged with the investigation, arrest and prosecution of all narcotics violations within the City of Bellevue. This workgroup is part of the Eastside Narcotics Task Force (ENTF) which operates from the Bellevue Police Department’s facilities. Bellevue is the host agency for ENTF. The enforcement of drug laws has a significantly positive impact on society and reduces other types of criminal behavior. Specialized training, equipment and tactics are needed to dismantle the sophisticated operations of mid to upper level drug dealers. The reduction of drug trafficking in Bellevue has a major impact upon most outcomes, specifically Safe Community.

The task force generated the following activity in 2013:

86 suspects were arrested on felony drug charges 49 search warrants were served on suspect residences and/or vehicles Five major Drug Trafficking Organizations (exceeding the goal of three) were dismantled \$672,000 in cash was seized from drug dealers, along with 15 firearms and 14 vehicles (only a percentage of the assets seized are actually forfeited and retained to support task force operations)

The Courts and Custody Unit (CCU) consists of one Lieutenant, one Police Officer and four Police Support Officers (PSO's). The unit is responsible for the following: Ensuring prisoners are transported to and from courts, jails and other police agencies; maintaining the custody facility and its operating equipment; ensuring that all paperwork is completed and delivered to the appropriate courts, prosecutors and officers; tracking and filing criminal cases and acting as a liaison between the police department, prosecutors, public defenders, courts, jails and other police agencies. CCU also accounts for all the City's in-custody prisoners, assigning them to custody facilities, tracking their movement to insure they keep their required court and other appearances, and monitoring of all the above functions with the intent of keeping our operating costs at a minimum. Budget:	\$862,884	\$889,553
FTE/LTE:	7.00/0.00	7.00/0.00

The Police Department’s School Services Unit is in its 16th year. It is comprised of six School Resource Officers (SROs) and one Supervisor (Lieutenant). Four SROs are assigned to each of the four public High Schools, and the other two are assigned to the four Middle Schools. SROs also serve their “feeder” Elementary Schools. The Department works toward achieving a Safe Community that includes an emphasis upon schools because we recognize that schools are more than just where kids go to learn. They are also de facto community centers. For many families, schools are where the needs of the community intersect with the services that are available. This is particularly true for those faced with socio-economic challenges, language and cultural barriers, and children with medical, developmental or learning disabilities. This is why many social and community service organizations have a footprint in the schools. The same rationale is true for having SROs in the schools.

Budget:	\$1,332,971	\$1,354,285
FTE/LTE:	10.00/0.00	10.00/0.00

This proposal continues funding the Downtown Unit/Station Officers and requests funding for the restoration of four bicycle officers and one supervisor. The Bike officers foster community involvement by increasing face-to-face interactions between officers and citizens, and more easily traverse our congested traffic corridors reducing response times (KPI 1). Most importantly the team is used to proactively and swiftly address crimes that negatively impact neighborhoods and businesses (KPI 2). However, funding for the Bike Patrol was not approved by the City for 2015-2016, and is no longer associated with this proposal.

The Neighborhood and Downtown Unit officers are embedded within the diverse neighborhoods that they serve. Their daily interactions with the citizens in the community increases awareness of problems and helps to deter criminal behavior through community policing (KPI 3). Signature events in the city will be safer and more inclusive through the actions of these integrated teams.

This proposal will continue to provide and maintain high quality street lighting in Bellevue. This proposal covers the necessary electrical energy and regular maintenance for the City's 3100 street lights, and funds the City's 5600 Puget Sound Energy (PSE) owned and maintained street lights. This proposal will also accommodate progress toward the conversion of both City and PSE owned street lights from incandescent to high efficiency LED technology. To consolidate services, this proposal will continue to provide maintenance of 320 parking lot and building security lights for the Parks, Fire, and Civic Services Departments. Maintaining street lights ranked as a high priority with Bellevue citizens (6th out of 38 services) as documented in the 2012 budget survey.

Bellevue's Water Utility provides the capacity for fire flow to water customers in Bellevue and other jurisdictions within its service area. This proposal provides funds for construction and maintenance of a water system that supplies adequate and reliable fire flow capacity, enabling timely fire suppression by emergency responders. In October 2008, the Washington State Supreme Court ruled that provision of water for fire suppression is a general government (General Fund) responsibility and cannot be paid for through water rates. As a consequence of this ruling, Council removed the cost of fire flow capacity from the water utility rate and shifted the cost to the General Fund. Effective January 1, 2010, Council increased the utility tax on water to raise the general funds needed to pay for Bellevue's cost for fire flow capacity. Revenue collected from the incremental increase in this tax is transferred to the Utilities to support fire flow services.
