Hello Shelley,

My name is Megan U. My 12 year old son participates in the Crossroads Dreamhoops program on Wednesday nights facilitated by Von. Vicki was kind enough to give me your email so that I could pass along my appreciation for the energy, consistency and sincerity of Von's coaching. He keeps all of the kids engaged and challenged at their individual level while maintaining a cohesiveness to foster team building. He has inspired my somewhat shy and tentative son with confidence to develop a strong interest in basketball, to my surprise.

From our perspective, he seems to be a strong asset to your organization.

With thanks,  
Megan U

Hello Ms. U – Thank you for your compliments regarding the Dreamhoops program at Crossroads Community Center. Vaughan Stewart has worked for the Crossroads Community Center for many years, and I'm glad to hear that parents and participants appreciate the quality of his coaching and youth development skills as much as we do. It's exciting to hear from parents that their child is developing confidence and physical skills in our programs. I hope your son continues to participate in the Dreamhoops program and other programs in the future as well!

Sincerely,
