Subject: Heron Education talk

To whom it may concern:

I really felt compelled to write this e-mail in regards to the education talk we went to a few weeks ago on Herons. My girls 8 and 9 had such a great time learning about herons. Ranger Jeff was so informative and made learning fun! The girls must have over heard him talking about the next education talk about "Beavers". They have pestered me for weeks to go! I cannot tell you how excited they are to go this weekend to Mercer Slough Education Center. Positive learning experiences like this are what parents are always striving for. I truly believe the presentation from Ranger Jeff has really sparked a light for learning! He even took them on a short nature walk after the talk. The girls had so much fun they have invited friends to come with for this next talk!

Thank you so much for giving us this great opportunity for learning.

Sincerely,
Yvette Zech

Yvette,

Thank you for the email. We love to hear this kind of feedback and hope that you'll join us for another great program coming up. Ranger Jeff will be leading a program about beavers this Sunday and again on December 15. We hope you can make it!

Thanks again,

Dustin Van Nieulande
