

MEMORANDUM

Date: February 8, 2011

To: Parks & Community Services Board

From: John Soriano, Robinswood Tennis Center Manager
Parks & Community Services

Subject: Robinswood Tennis Center
(Informational – no Board action requested)

At the Tuesday February 8, 2011 Parks & Community Services Board meeting, I will present information about the Robinswood Tennis Center. I will introduce the Tennis Center's background and history, broad spectrum of programs, business model, partners, and events.

The Robinswood Tennis Center opened in January 1973 with a mission to provide a public year-round tennis facility and community based programs to the residents of Bellevue. Partnering with the U.S. Tennis Association and National Recreation and Park Association, it has evolved into being recognized as a regional asset for the greater tennis community. Last year the Tennis Center recorded 63,000 program participants. In addition, another 3,000 tennis players participated in leagues, tournaments, and special events.

I look forward to sharing more about the Robinswood Tennis Center on February 8.
