To Whom It May Concern:

The North Bellevue Senior Center provided a lifeline to my father during the past six years. He lived out his life as a neighbor in Brandenwood Senior Apartments. The Senior Center provided him nutritious meals, good company, recreational trips (especially to the casinos), and live big band music that he enjoyed weekly in the afternoons.

I am so grateful for the peace of mind that the center's services provided me by knowing my father had access to a social life and nutritious meals. My father lived on a very limited income, and I know that the center not only provided him meals in exchange for a meager "donation", but also awarded him scholarships to help fund his trips. Thank you again for all you do. Please accept the enclosed donation in memory of my father, Fred Reifschneider. I hope that my donation will support your continued efforts to provide seniors in Bellevue a source of nutritious food, recreation, field trips, music, and friendships.

Sincerely,

Jill Reifschneider
