Hi Judy,

Many thanks to you and Clearwire for a wonderful work party today! Here is a nice write-up from KOMO (that was quick!), and I've attached a few photos. Please let us know to whom we should address our formal letter of thanks.

Best regards,
Nancy

Nancy,

Thank you for sending these along, the team will enjoy them. I have spent many years enjoying my multi-seasonal strolls through the Bellevue Botanical Gardens and was very happy that my team agreed to donate their time and energies to a haven so close to home.

Formal thanks may be sent to our CEO, Erik Prusch at the address noted in my signature line.

Thank you for welcoming my team to a new experience (for most of them) and exposing them to one of Bellevue's finest treasures!

Kind regards -

Judy Metzger

Clearwire's Judy Metzger dumps material on a garden.

About a dozen intrepid Clearwire of Bellevue employees continue their afternoon of volunteerism activity at the Bellevue Botanical Garden (BBG). If not intrepid, they are at minimum a hearty bunch given the volatile weather we have experienced today.

According to project leader Judy Metzger of Bellevue, the group is topdressing as many beds as possible, "One of our team members suggested giving back to a local community effort and we thought this would be a great way of doing that."

Clearwire's Robert Malae works cheerfully through rain, wind, cold and even sun.
