Subject: Employee recognition

Hi Steve,

Jack Singer here. I'm writing with a quick note of recognition for one of your Park Rangers, Jennifer (Jen) Syrowitz (cc'd).

This past weekend, I had Warren's den up at Lewis Creek's Nature Center to work on one of the Bear (Cub rank) achievements. Remember those?

Jen worked with me over the three or so weeks leading up to the session to understand what the boys needed to cover and do, and then pulled together an appropriate program for us. The nature-focused deliverable was well structured, on point, and very well delivered. She held the attention of an 'appropriately squirrly' (pun intended) group of ten 9 yo scouts ... on a Sunday afternoon, no less.

The boys really enjoyed it and completed what they needed to. The feedback was similarly positive from the attending parents, of almost an equal quantity. I fielded several questions about how I engaged, use of the facility, etc. So, I bet you'll get a few more inquiries out there in the future ... another testament to the good impression presented by Jen.

That's it, Steve. Just wanted to make sure you knew you had someone on your team that's doing a great job for your and our city.

Hope all's going great for you.

Take care,

Jack
