A brief note about our Parks system and staff.

I've been walking most of the Parks in Bellevue daily since I've retired and continue to get immense pleasure from this activity. I appreciate the support of our Parks system as it is truly one of a kind. On occasion I will come across staff when out walking . On Friday, 3/6, I had the pleasure of meeting Isaac with Parks (I didn't get his last name) while walking the Coal Creek Trail to Red Town. He seems to be a great guy and very knowledgeable about the history of our Parks. It's great to meet staff who'll take the time to answer questions in the field and interact with the users in a most pleasurable way. I very much appreciate the new bridges over the Creek and the new access to the lower section. Thank you for your continuing support of Parks.
