

MEMORANDUM

Date: April 1, 2008

To: Parks & Community Services Board

From: Terry Smith, Assistant Director
Parks & Community Services

Subject: Youth Participation in Parks & Community Services Board Meetings

At the Tuesday, March 11, 2008 Parks & Community Services Board meeting, Boardmember Aron shared his interest in having youth and teens more involved/represented at future Park & Community Services Board meetings. As a result of the comments and general Board agreement, we are planning to share your request with the Youth Link Board and Youth Council.

The intent and outcome is for youth to discuss and develop suggestions or strategies on how they can provide a connection and/or communication with the Board regarding youth perspective and insight on agenda topics.
