Hi Terry and Nancy,

I am forwarding some great comments about the special needs summer camp at Highland. This came from the list-serve for Families for Effective Autism Treatment. I thought you would like to see the community's appreciation for this great service. (For privacy, I took out the authors' names.)

FYI,  
Kathy

Subject: FEATWA Listserv - Summer Camps

Does anyone have any experience of the summer camp run by the Highlander Community Centre in Bellevue? I am looking for a summer camp for my 6 year old daughter and am wondering if this would be suitable.

Many thanks

Hi,

I do - my son (14, autism) attended last summer for 4 weeks. He loved it so much we've signed up for all 6 weeks this year. They're really great and absolutely runs the best summer program offered by a community center in our area. They provide aids if you child needs one and has even figured out how to provide assistance for the kiddos who are not potty trained. They also take them on at least 1 field trip per week - or at least they did last summer. Spaces fill quickly so I would apply asap if I were you. Oh, forgot to mention, they also accept waiver funds. Hope to see you there.
