Subject: Seattle Times: Rave for Bellevue trails system crews

The Seattle Times

April 3, 2016

Rant & Rave

RAVE To the city of Bellevue trails system crews for creating and maintaining the incredible national park-like setting for humans and our furry friends to enjoy, especially the crew who repaired and re-repaired "Washout Way." It seems there's no job too challenging for you, and your team is ecologically sensitive, professional, friendly and all-around wonderful. I'm extremely grateful.
