Hi,

Some friends and I hiked the Coal Creek Trail on Tuesday from Red Town west to the other trailhead that's closed for construction at Coal Creek Pkwy - very nice walk, thank you for maintaining a lovely trail!

Hello,

Thank you for the nice note letting us know about your enjoyable walk through Coal Creek. It is nice to receive feedback from the community about the work we do. I have cc'd the natural resource division staff and crew who are responsible for planning, construction and maintenance of Coal Creek and all of Bellevue's trails. We are passionate about providing safe

and enjoyable access to Bellevue's natural areas so citizens can enjoy nature and get some exercise close to home.

We look forward to implementing further improvements in Coal Creek this summer and fall.

Thanks again – Sincerely,

The Natural Resource Team
