To Whom it may concern,

I would like to give you all some feedback on the Bellevue trails and parks. My name is Glen Rossi and I am a local small business owner. I have had the opportunity to live in 3 different countries and travel extensively in Europe and I wanted to compliment all of you on the excellent work you have all done on keeping this city as one of the best in the world to live and work.

As a runner and someone who likes to be outside, I have the opportunity to use most of your parks and trails. The maintenance crew you have is amazing, the upkeep and beauty of your parks and trails are by far the best I have seen in any community. The fact that trails are in excellent condition, the parks are clean are a huge amenity to me and others.

I wanted to thank you for making this such a priority, it shows.

Keep up the great wok,

Glen Rossi A.C.E, B.G.S

Mr. Rossi,

Thank you so much for your kind words. You noted the key factor in delivering a great park system and that's great employees. You can throw resources at something, but if your staff isn't skilled and passionate about the mission, the magic won't happen. I'll pass this on to the crews who do the work. It'll make their day.
