Subject: Thanks for everything

Hi Steve,

Just wanted to let you know how much Cooper and Izabella are enjoying camp this week. They come home every day exhausted but with a big smile on their faces!

As you know, we've been part of the Bellevue Parks and Rec family for about 7 years. I can't emphasize enough how incredibly fortunate you are to have an employee like Brooks Anderson. He promotes the importance of teamwork, sportsmanship, perseverance, respect for rules and authority and how to play with class.

Please continue to mentor Brooks so he can grow within your organization. He is one of your most valuable assets!

Thanks again for all you do!

Alicia

Hello Alicia.

As the Youth Sports Coordinator I am extremely pleased to hear about the positive experiences both your children have had in our programs. Brooks and the rest of the staff do amazing work in teaching kids teamwork and respect so thank you for your kind words. I will pass this along to the team. We look forward to seeing your family in future programs.

Thank you.

Steve Gonzales
