

MEMORANDUM

Phone: 425-452-4470

Date: September 6, 2011

To: Parks & Community Services Board

From: Daniel Lassiter, Community Services Supervisor – Highland Community Center

Subject: City of Bellevue Parks “Choices Plan” for those living with disabilities
Information Only- No Board action required

At the September 13, 2011 Park Board meeting Kim Indurkar and I will present an information only overview of the City of Bellevue’s “Choices Plan,” which is included in your packet envelope. The Choices Plan details how Parks & Community Services provides adaptive recreation opportunities as well as inclusion support for community members living with developmental and/or physical disabilities.

We will provide information to the Board on where adaptive recreation takes place in the City of Bellevue, how inclusion works within Parks & Community Services and how this plan may differ from other city models. The plan established by the City of Bellevue meets the requirements set forth by the Americans with Disabilities Act (ADA) of 1990. This presentation will assist the Park Board in its ongoing education of recreation programs and services provided to Bellevue residents.

We look forward to our meeting presentation for you.
