**CITY OF BELLEVUE
PARKS & COMMUNITY SERVICES BOARD
REGULAR MEETING MINUTES**

Tuesday
March 12, 2019
6:00 p.m.

Bellevue City Hall
Room 1E-113
Bellevue, Washington

BOARDMEMBERS PRESENT: Chair Kumar, Vice-Chair Trescases, Boardmembers Clark Hamilton, Heath¹, Synn, Unger

COUNCILMEMBER PRESENT: Councilmember Robertson

PARKS STAFF PRESENT: Betsy Anderson, Toni Esparza, Angela Ferguson, Patrick Foran, Nancy Harvey, Kim Indurkar, Alex O'Reilly, Camron Parker, Colin Walker

OTHERS PRESENT: Jordan Aune, Betsi Hummer, Brad Jones (Visit Bellevue Washington), Emily Mather, Karen Mauden, Benjamin Premack, Darrell Tsukiji, Patricia Wheeler

MINUTES TAKER: Michelle Cash

1. **CALL TO ORDER:**

The meeting was called to order by Chair Kumar at 6:01 p.m.

2. **APPROVAL OF AGENDA:**

Motion by Boardmember Clark and second by Boardmember Unger to approve the meeting agenda as presented. Motion carried unanimously (7-0).

3. **APPROVAL OF MINUTES:**

Motion by Vice-Chair Trescases and second by Boardmember Hamilton to approve the January 8, 2019 meeting minutes as presented. Motion carried unanimously (7-0).

¹ Arrived at 6:03 p.m.

4. **ORAL COMMUNICATIONS/PUBLIC COMMENTS:**

Darrell Tsukiji & Emily Mather
Youth Link Board

On behalf of the Bellevue Youth Link Board, Mr. Tsukiji and Ms. Mather invited Boardmembers to the 20th Annual Gumbo Night, which will be held on April 17, 2019 at the home of former Parks Boardmember Sherry Grindeland.

Benjamin Premack
15455 SE 47th Pl., Bellevue, WA

Mr. Premack expressed his concern about the number of off-leash dogs in many of the park facilities, specifically Lewis Creek Park. He also encouraged inclusion of additional off-leash dog parks, particularly in southeast Bellevue.

Betsi Hummer
14541 SE 26th St., Bellevue, WA

Ms. Hummer explained that an application has been submitted to change the zoning for the Bellevue Technology Center so that it can be developed into a multifamily development. The community has worked hard to keep this property as a large open green space. Ms. Hummer encouraged Boardmembers to pay close attention to this project, since it impacts the open green space and tree canopy. If the multifamily facility is approved, additional parks will be needed to accommodate the additional people.

5. **COMMUNICATIONS FROM CITY COUNCIL, COMMUNITY COUNCIL, BOARDS AND COMMISSIONS:**

Councilmember Robertson provided the following update on Council projects:

- The annual Council Retreat was held—operating guidelines and emerging issues were discussed among other items.
- The Boys & Girls Club of Bellevue withdrew their proposal for a fieldhouse facility.
- The Wilburton Area Update is forthcoming.

Councilmember Robertson also expressed her enthusiasm for the Meydenbauer Bay Park Grand Opening, as well as Gumbo Night.

6. **DIRECTOR'S REPORT:**

Councilmember Robertson expressed her appreciation to Patrick Foran for his dedication and years of service to Bellevue. Mr. Foran recently announced his retirement. Mr. Foran has been a zealous advocate for parks and will be deeply missed. Other Boardmembers expressed their appreciation to Mr. Foran as well.

7. **BOARD COMMUNICATION:**

Boardmember Unger enjoyed spending time at Downtown Park, Hidden Valley Park, and Surrey Downs Park. She is also looking forward to the Meydenbauer Bay Park Grand Opening.

Boardmember Clark enjoyed spending time at Downtown Park.

Boardmember Hamilton recently visited Wilburton Hill Park. He also attended the Tree Canopy public meeting.

Boardmember Synn enjoyed spending time at Kelsey Creek Farm.

8. **CHAIR COMMUNICATION & DISCUSSION:**

Chair Kumar looks forward to the Meydenbauer Bay Park Grand Opening.

9. **BOARDMEMBER/COMMITTEE/LIAISON REPORTS:**

No reports.

10. **DISCUSSION/ACTION ITEMS:**

A. **Visit Bellevue Washington**

Mr. Jones explained that Visit Bellevue Washington (VBW) falls under the Bellevue Convention Center Authority. The BCCA has three divisions, including Meydenbauer Center, Meydenbauer Center Theatre and VBW. VBW serves as Bellevue's official destination marketing and management organization and has the following strategic goals:

- Strategy 1: Attracting overnight visitors to Bellevue
- Strategy 2: Maximizing visitor engagement and spending
- Strategy 3: Branding Bellevue
- Strategy 4: Enhancing the Bellevue visitor experience
- Strategy 5: Managing the destination development plan

Mr. Jones further reviewed the Destination Development Plan, included in Strategy 5. The vision of the Destination Development Plan is for Bellevue to be a premium, vibrant gateway destination to the Greater Seattle Region for national and international visitors that delivers a number of unique shared experiences that inspire visitors to share with family and friends and come back again and again.

Mr. Jones noted that VBW recently released their Visit Bellevue Strategic Vision 2020 and is undergoing a major Branding update. Part of this update includes working with a mobile-based survey to get real-time feedback from visitors about Bellevue parks and other interests.

Boardmember Synn asked how deeply other communities are in providing insight about what bring people to Bellevue. Mr. Jones responded that VBW is currently developing new oversight and governance for the organization that will represent various areas of Bellevue. There are also advisory committees and various councils to assist with this aspect—most members are from the community. Mr. Walker added that the branding consultant is paying close attention to this so they can determine who and what Bellevue is as a destination so it can ultimately be marketed to visitors.

Boardmember Hamilton asked if the lid park and the aquatic center are an important part of VBW marketing campaign. Mr. Jones responded that sports and recreation are a big part of the tourism strategy. It is also a developing sector of Bellevue. Mr. Jones clarified that VBW is working on a more regional approach to sports than Bellevue-centric to take advantage of multiple opportunities. He added that the lid park is also a great way to connect both sides of the community. The lid park needs to be programmable so that people can gather and use it as an attraction (i.e., festivals, concerts, farmers markets, etc.).

Boardmember Clark asked if VBW is targeting the future employees of Bellevue. Mr. Jones labeled these as “Bleisure” visitors. These are business visitors that extend their trip for leisure. VBW is working to bolster weekend visitors. Mr. Jones noted that VBW is evaluating the park assets and how to circulate visitors in a sustainable way—signage and wayfinding is critical to Bleisure visitors. Transportation options are also being evaluated (i.e., trolley service or other means).

Boardmember Unger asked if there is a current branding statement versus how we want to brand ourselves. She called specific attention to the term “pretentious.” Mr. Jones clarified that Bellevue has great hospitality and is in between the luxury/upscale/outside/corporate world. The city needs to be marketed in a non-pretentious/authentic manner. Boardmember Unger also inquired if VBW is trying to capture Seattle visitors. Mr. Jones explained that Bellevue needs to be introduced in the right way to intercept interested Seattle visitors.

Chair Kumar asked if “City in a Park” will be incorporated into the branding strategy. Mr. Jones explained that once a concept is determined, it will be vetted through various departments and organizations for buy-in. The brand should be maneuverable. The tagline and logo are not as important as the brand platform. Vice-Chair Trescases added that the branding exercise is VBW’s exercise, not the city’s exercise. The goal is to attract visitors; therefore the brand strategy might be different for Bellevue residents.

Mr. Foran stated that there are many priorities important for Bellevue’s strategy to attract visitors: workforce, affordable housing, regional transportation, etc.

B. Community Services Planning Update

Ms. Esparza explained that the Parks & Community Services Department provides a wide spectrum of services to the community. To provide a more complete picture of the diverse programs and services that are offered, the following presentations were provided:

- Kim Indurkar, Community Services Supervisor and the Department's Inclusion Coordinator
Choices for People with Disabilities Plan

Ms. Indurkar explained that the Choices for People with Disabilities Plan was created as a resource for city staff to provide access and equity for residents with disabilities into programs, services and facilities. The current update includes a proactive approach to access.

Ms. Indurkar stated that having a plan that provides the greatest choice of recreation activities and experiences supports full and active participation of individuals with disabilities in the same community activities as individuals without disabilities. This develops community support and encourages attitudinal changes to reflect the right of all people to dignity, self-respect, and community involvement.

The goals of the Choices for People with Disabilities Plan include:

- Physical access into facilities, parks, playgrounds
 - Recreation choice opportunities
 - Staff training
 - Outreach
 - Expansion of services
- Angela Ferguson, Business Systems Manager, and Diversity Liaison for Parks & Community Services
Diversity Strategic Plan

Ms. Ferguson explained that in collaboration with the City's Draft Diversity Advantage Plan, the Parks Department plans to roll out its Diversity Strategic Plan with three objectives:

- To examine current policies, practices, and procedures as it pertains to diversity and equity related issues.
- To incorporate strategies and best practices developed under the Diversity Advantage Plan as guiding principles for the mission and vision of all Parks & Community Services work plans.
- To cultivate a department culture that understands, reflects and celebrates diversity as its standard, while continuing to provide high quality programs and services for all communities and groups in Bellevue.

Ms. Ferguson added that the intent is to utilize the Draft Parks Diversity Strategic Plan as guiding principles for the City's work as best practices in programs, policies, planning, and services are developed.

Based on the Department Assessment, the following five objectives have been identified for the workplan:

- Policies
- Programs & Services
- Communication & Outreach
- Recruitment & Retention
- Training

Ms. Ferguson explained that the Draft Diversity Strategic Plan will allow staff to address the changing demographics and better meet customers' needs. More importantly, the plan will provide and equip staff with the necessary training, tools, and strategy to engage the community effectively. It can also be used to address the changing demographics and better meet customer needs.

- Alex O'Reilly, Human Services Division Manager
Human Services Needs Update

Ms. O'Reilly provided a briefing on early efforts to collect community feedback for the 2019-20 Human Services Needs Update. The biennial report looks at the needs of Bellevue residents and explores how to leverage the community's resources most effectively. The information will ultimately guide the Human Services Commission's funding recommendations.

Initial outreach and data collection has started and will continue through the summer, using a variety of tools including community surveys, focus groups and interviews with community stakeholders.

The draft report will be reviewed this fall with expected adoption by the Human Services Commission.

- Betsy Anderson, Senior Planner
*Recreation Program Plan
Strategic Plan*

The Recreation Program Plan guides the department's investment in recreation programs, with a focus on programming and spending to meet the needs of those with limited opportunities for recreation. An update to the Recreation Program Plan is due in 2020 to meet Commission for Accreditation of Park & Recreation Agencies (CAPRA) standards. Ms. Anderson noted that while the core tenets of the plan remain relevant, staff is embracing the opportunity to update the plan to more fully align with the

citywide Diversity Advantage Initiative and integrate principles of equity, diversity, and inclusion. The plan update also strives to more fully reflect the breadth of programming and services undertaken by the department. Ms. Anderson added that staff is also working to make the plan's structure and graphic layout more user-friendly.

Boardmembers can expect a dedicated presentation on the Recreation Program Plan update in April, in advance of the public outreach that will be undertaken over the summer. This is a plan that will be seeking Parks Board feedback and endorsement over the next year.

Ms. Anderson noted that like the Recreation Program Plan, the department's Strategic Plan was last updated in 2015 and is due for an update in 2020. The Strategic Plan acts like a bridge—it helps staff translate policy-level guidance from city- and department-level plans and initiatives into actions that can then be turned into work plans. The plan confirms the department's mission and guiding principles and, through goals and strategies, identifies the focus for the next five years.

Ms. Anderson noted that the Board will be receiving a presentation specific to this planning effort in the coming months.

11. **NEW BUSINESS:**

None.

12. **PROPOSED AGENDA FOR NEXT MEETING:**

Boardmember Hamilton suggested that Boardmembers debrief the BGCB fieldhouse process at a future Board meeting. Councilmember Robertson suggested that this be added to a retreat agenda. Boardmember Heath added that he would like to invite the BGCB to participate in the discussion. He would like to learn lessons so the Board can work with potential community partners in a proactive manner.

Boardmember Unger expressed her support of a retreat and would also like to discuss future agenda topics and projects that the Parks Board might like to work on. Vice-Chair Trescases reminded Boardmembers that there is a five year work plan for the Parks Board that can be used as a starting point. Councilmember Robertson added that the Parks Board is an advisory Board for City Council and should ask Council for permission if they want to go outside the scope of the work plan list or Council priorities.

Motion by Boardmember Heath and second by Vice-Chair Trescases to extend the meeting until 8:35 p.m. Motion carried unanimously (7-0).

Councilmember Robertson added that Boardmembers may want to postpone a retreat until the new Parks Director has been appointed.

Boardmember Heath expressed his frustration with the structure of current Board meetings. He feels that the process and structure does not allow for creativity and back/forth dialogue.

Motion by Vice-Chair Trescases and second by Boardmember Hamilton to extend the meeting until 8:40 p.m. Motion carried unanimously (7-0).

Chair Kumar and Vice-Chair Trescases will work with staff to plan a Board retreat.

13. **OTHER COMMUNICATIONS:**

- A. CIP Project Status Report
- B. Meydenbauer Bay Park Grand Opening flyer
- C. Letter from Boys & Girls Clubs of Bellevue re fieldhouse
- D. Council Packet Agenda Memo re acquisition (1-22-19)
- E. Memo from staff re Natural Resource/Resource Management Volunteerism
- F. Email from Judy Matthew about reducing light pollution
- G. Email from Gregg T re Boys & Girls Clubs at Wilburton Park
- H. List of upcoming Parks special events

14. **ORAL COMMUNICATIONS/PUBLIC COMMENTS:**

Karen Mauden

316 – 131st Ave., Bellevue WA

Ms. Mauden thanked Boardmember Heath for his comments regarding the BGCB/Wilburton fieldhouse proposal. She clarified that the Wilburton community is not against the BGCB specifically—they are merely against the fieldhouse proposal. A fieldhouse in the Wilburton community goes against Bellevue’s City in a Park principles. Ms. Mauden suggested that the BGCB and Wilburton community be invited to come together for a dialogue.

Betsi Hummer

14541 SE 26th St., Bellevue, WA

Ms. Hummer expressed her appreciation to Mr. Foran, noting that the Parks Department is first class from top to bottom, which is reflective of Mr. Foran’s leadership.

These minutes are in DRAFT form until approved by the Parks & Community Services Board.

Ms. Hummer is concerned about some of the urban boulevard development and traffic flows, not to mention the tree canopy and treescapes. She will forward an overview on what these boulevards should look like to Boardmembers.

15. **ADJOURNMENT:**

Motion by Boardmember Synn and second by Boardmember Hamilton to adjourn the meeting at 8:41 p.m. Motion carried unanimously (7-0).

MEMORANDUM

Bellevue Parks &
Community Services

DATE: March 27, 2019

TO: Parks & Community Services Board

FROM: Christy Stangland, Human Services Planner

SUBJECT: Human Services Needs Update
(Board feedback requested)

Bellevue's Human Services Needs Update is an analysis of the health and human services trends and issues that affect the quality of life of Bellevue residents. The Needs Update is used by the Human Services Commission to guide the recommendation for allocation of our Human Services Fund and Community Development Block Grant to the City Council. The Human Services Division staff use the document to direct our work and forecast how the city can prepare for changes in human services. Staff will share themes for the 2017-18 Human Services Need Update and an overview of the methodology for gathering data.

The Human Services Division is asking the Parks and Community Services Board for their input for the 2019-2020 Needs Update or areas that they see are human services needs in the community.

MEMORANDUM

Bellevue Parks &
Community Services

Date: April 9, 2019

To: Parks & Community Services Board

From: Betsy Anderson, Senior Planner
Parks & Community Services

Subject: 2020 Recreation Program Plan
(Information and feedback)

Parks & Community Services is in the process of updating one of its long-range policy documents, the Recreation Program Plan. First developed in the late 1990s, the Recreation Program Plan is revised every five years and guides the department's investment in recreation programming. Parks & Community Services is one recreation provider among many in Bellevue, and the plan defines the City's role within this larger system. The plan also sets the City's policies for recreation program pricing. The current plan dates from 2015 and the update is due in 2020. The plan will be presented to the Board two to three times over the next year, ending with a request for Board endorsement in early 2020.

At the April Board meeting, a presentation will provide background detail on (1) the functions the plan serves and its role in the department's accreditation, (2) the content of the current plan and progress made to achieve key goals, (3) proposed changes in plan scope and structure, and (4) the proposed public outreach strategy for the plan update. After the presentation, the Board will have an opportunity to discuss and provide feedback on the proposed plan scope and public process.

While the core tenets of the current plan remain relevant and have served the department well, staff have identified the 2020 plan as an opportunity to provide a few key updates to the plan's focus and structure. Core similarities and key differences between the 2015 plan and the proposed 2020 update are listed below.

Core Similarities with Existing Plan

The plan update will continue to:

- Focus on meeting the needs of residents with limited opportunities for recreation and filling needs not provided by other entities;
- Emphasize well-coordinated recreation programs and collaboration with partners;
- Focus on health and community building;
- Identify the need for ongoing data collection to inform program offerings; and
- Include elements required by the Commission for Accreditation of Park and Recreation Agencies (CAPRA), including program objectives, program and service statistics, program

and service determinants, recreation and leisure trends analysis, and the community inventory.

Key Differences from Existing Plan

Staff propose the following updates to the current plan:

- The plan structure is streamlined so that it will be more user-friendly.
 - Guiding principles and goals are distilled so that they can be understood at a glance.
 - Specific actions will be identified to help achieve each goal and strategy, rather than including a separate Implementation Strategies section.
 - Program Objectives for Specific User Groups: the content and recommendations from this section are integrated into the development of the updated goals and strategies and are not called out separately.
- In alignment with the citywide Diversity Advantage Initiative, the plan more strongly emphasizes the role of equity, diversity, accessibility, and cultural competence in program planning and delivery.
- The staff planning team will undertake public outreach to vet the proposed goals and strategies and collect information to help refine the plan's actions.

Draft Planning Framework

To focus the public outreach effort, the staff planning team has developed a draft planning framework to guide conversations with the community and with the City's boards, commissions, and advisory networks. The draft vision, guiding principles, and goals and strategies are grounded in the department's philosophy of recreation but are updated to more fully reflect the breadth of the department's work and to respond to current opportunities and challenges. Staff will seek feedback on these draft plan components over the spring and summer. Input received will help refine the plan's content and the focus of the department's recreation programming over the next five-year planning cycle.

Vision for Recreation

Bellevue is a healthy community where all people participate in a range of recreation activities of their choosing, offered by any service provider, allowing them to be physically and mentally healthier and better connected to their neighbors and to the community.

Guiding Principles for Recreation

- 1) **Health-Focused:** We implement and support services, programs, and initiatives that promote the physical, mental, and emotional health of individuals, families, neighborhoods, and community.
- 2) **Building Community:** We are a trusted resource that creates and enhances relationships and connections between our residents.

- 3) **Culture of Excellence:** We provide and/or facilitate inclusive, accessible, and equitable recreation programs for all, where everyone can expect quality staff, programs, and facilities.
- 4) **Dynamic and Resourceful:** We are highly responsive to an ever-changing community, providing opportunities that are relevant and well-coordinated.

Goals and Strategies

I. Ensure that every Bellevue resident can access recreational opportunities and community services.

- Evaluate and improve department programs, systems, and resources to ensure that recreational programs and community services are equitable and accessible in development and delivery.
- Connect with new audiences through expanded outreach and communication efforts.
- Identify opportunities to expand program access for those who work or go to school in Bellevue.

II. Offer programs and services that are consistent with our guiding principles and reflect the community's interests and needs, specifically those of underserved groups.

- Place special emphasis on programming and spending to meet the needs of those with limited opportunities for recreation.
- Identify and address gaps in program and service delivery in collaboration with community members and organizations.
- Empower staff to respond nimbly to the changing recreational needs of a growing city.
- Engage with new and established partners to enhance program and service delivery.

III. Promote community well-being through programs and services that instill a sense of belonging and inclusion.

- Expand recreation choice for people with disabilities by promoting both adaptive recreation opportunities and inclusion services throughout the system, to better connect residents to the community.
- Promote recreation, gathering places, special events, and time to connect as important facets of a livable community and healthy economy.

IV. Foster individual health and wellness through opportunities for structured and unstructured play, exercise, and recreation.

- Provide resources and programs that promote lifelong fitness and healthy lifestyles.
- Develop programs and tools that get people outside and encourage exploration of parks and trails.
- Design programs and facilities that provide opportunities for play for residents of all ages.
- Provide recreation programs and community services that support children and youth in the development of physical, cognitive, and social skills; expanded learning opportunities; and risk reduction.

Copies of the 2015 Recreation Program Plan were included in the orientation material provided when your term on the Board began. The current plan is also available online at: <https://parks.bellevuewa.gov/planning-and-development/studies-plans/recreation-program-plan> . If you have any questions prior to the meeting or if you would like an additional copy of the current plan, please contact me at 425-452-4280 or EHanderson@bellevuewa.gov.

PARKS CIP PROJECT STATUS REPORT March 2019

Aquatic Center Study

The team continues to prepare site analyses and assembling program information of an aquatic facility, including competitive, recreational, and therapeutic/health & fitness. SplashForward has provided valuable information to assist our research efforts. Staff will make a presentation to the Bellevue College Board of Directors in late April to continue the discussion regarding a potential partnering, and will also update the City Council at their April 22 Study Session.

Ashwood Park Master Plan Update

Proposals are due the first week of April for a design team to work with us to conduct public outreach and prepare a plan. We expect to have a consultant team on board in May and begin public outreach in June. We plan to share project background, process overview and key issues with Council and Park Board before beginning the public outreach.

Bridle Trails 140th Street Park Development

Construction design and permitting phases will begin later this year, though funding for construction will not be available until 2021. Staff met with BTCC in March to present the project timeline and park naming opportunities.

Bannerwood Park

The batting cage roof has been installed, but the clubhouse building is delayed until after the season.

Downtown Park – NE Gateway

The artist has scheduled a site visit in early April to obtain a better understanding of the park and to present his initial concepts to the Arts Commission. The NE Gateway site design is proceeding and we are also proceeding with the alley vacation process. Once the public art component has been more fully vetted, we will schedule a joint Park Board/Arts Commission meeting to present the plan and request a joint recommendation to the Council.

Hearing Assistance for Public Spaces

Consistent with Council goals, the staff has initiated a feasibility study, conducted by Greenbusch Group, to determine the hearing assistance needs for the large meeting spaces in our community centers. The study includes Highland, South Bellevue, North Bellevue and Crossroads Community Centers as well as the Botanical Garden Visitor Center. When complete, the spaces will be prioritized and a determination made as to which spaces can be completed within available funding. Parks staff is working with the City's ADA coordinator.

Meydenbauer Bay Phase 1 Park Development

Park construction is complete, the Grand Opening was held on March 16 and the park is now open to the public. Whaling Building completion, and final permit approvals are expected to be complete by the end of April. Staff is finalizing a contract with a vendor to manage the boat concession this summer in the Whaling Building. We are also working with our Rangers to determine the need for added presence and security during the busy summer season.

Newport Hills/Tyler Park

Work is underway on the planning, design and construction of a neighborhood park in the Newport Hills neighborhood. A neighborhood kick-off meeting has tentatively been scheduled for May 21. Public outreach is expected to continue throughout the summer, followed by design and construction of the park, which we hope to complete by late 2020.

Park & Natural Areas Levy Projects Summary

- **Synthetic Sportsfield at Wilburton Hill Park:** Project complete.
- **Synthetic Sportsfield at Newport Hills Park:** Project complete.
- **Lewis Creek Park Picnic Area:** Project complete.
- **BYT Construction:** Project complete.
- **Bellevue Airfield Park:** Site analysis and initial schematic design is complete. The cost estimates for Phase 1 are significantly over the anticipated budget, so we continue to explore schematic design options and costs to determine the Phase 1 scope of work.
- **Botanical Garden Projects:**
 - **Ravine Garden:** Project complete.
 - **Visitor Center:** Project complete.
- **Neighborhood Parks:**
 - **Bridle Trails/140th Ave property acquisition:** Project complete.
 - **Bridle Trails Corner Park acquisition & development:** Project complete.
 - **Newport Hills Tyler/Patterson acquisition:** Project complete.
- **Downtown Park “Complete the Circle” Development:** Project complete.
- **Hidden Valley/Boys & Girls Club Partnership:** Project complete.
- **Lake Sammamish Neighborhood Park:** No activity.
- **Surrey Downs Park Development:** Park construction is complete and punch-list work will continue into April. Sound Transit has completed the safety rail, and the park opened to the public April 1. Except for one property, the new boundary fence has been installed. A Grand Opening Celebration will be scheduled later in the Spring.

Dear Chair Kumar and members of the Parks Board,

Thank you for your diligence in defining a fair and open process for the proposed east Bellevue fieldhouse, as requested by City Council on October 1, 2018. Although the proposal has been withdrawn, your work has set a precedent for future development projects in the Bellevue park system. This is especially important when a proposed use is not part of the approved park master plan.

When one of our neighbors asked the question, fieldhouse or forest, we hoped against all odds the answer would be forest. I wish you could have been with us in the neighborhood after we received news that the Boys & Girls Clubs of Bellevue so kindly withdrew their fieldhouse proposal for Wilburton Hill Park. The feeling of community goodwill reminded me of the night an earlier Parks Board said "yes!" to Bellevue Botanical Garden more than 30 years ago. Thank you for continuing the fine tradition of stewardship.

You have devoted an incredible amount of your time and energy to this effort. Your work is appreciated greatly and will endure. We know there will be more development proposals as real estate becomes scarce. When the next one comes to Wilburton, we will remember your careful work and remind staff that a process map exists.

Grateful for your service to the community,
Jo Scott from Wilburton

Greetings Park Board Members,

As a former chair of the Park Board, I strove to acquire and preserve open space in Bellevue for future generations and generally recommended against premature development of existing city-owned park land, with some exceptions. It is with great satisfaction I observe that the current Board works with those same values in mind. I am particularly heartened that the huge proposed development in Wilburton Park seems to have been shelved -- one hopes forever -- and I want to thank the Board for its deliberative process in that effort.

Nice work.

Sincerely,

Lesley Stuart

Dear Chair Kumar and members of the Parks Board,

I am a 6-year resident of Wilburton, and wanted to sincerely thank you on behalf of myself and extended family for the fair and open process for evaluating the proposed east Bellevue fieldhouse. We are extremely glad that the proposal was withdrawn, in particular because the proposed use was not part of the approved park master plan.

I hope this serves as a precedent for any such future attempts to turn forest into concrete.

Best Regards,
Omid

Subject: Process Map for Ashwood Park Master Plan & Public Hearings
Date: Friday, March 15, 2019 9:04:41 AM

Dear Parks Board:

Add this email to an upcoming Agenda topic please. As the Month of March comes to a close, we still have no hints about Ashwood Park Master Plan completion. Is it done yet?

Parks Board Minutes have many pages of your discussions about BGCB but nothing for Ashwood Park. Please start thinking about developing a serious "Process Map" for Progress to build out Ashwood Park so people can enjoy & use it. Spring has sprung and summer events aren't far behind!

We especially appreciated Board member's desires to engage with the Community in decision-making. A good step for future progress and organization of recommendations by the Parks Board. **Kudos re:**

"Boardmember Hamilton thinks the proposed process map ensures that all voices are heard and all relevant details are gathered. The process is proof of the Board's desire to conduct a thorough competent review, and the Board is qualified to conduct such a review and to provide the Council with a thoughtful recommendation. Boardmember Synn agreed with Boardmember Hamilton's comments, noting that once the overall process map is determined it can essentially be applied to any project."

Well done. Let us know how we can help you get this wise practice implemented for ANY PROJECT. Especially for the long overdue Ashwood Park Project. Thank you.

Sincerely,

Dwight and Mary Schrag

APRIL 2019

- April 4** **Garden Class: Creating Your Dream Garden, Part 1**, 6:30 p.m. – 8:30 p.m.
Bellevue Botanical Garden, 12001 Main Street
This workshop will be taught by Lisa Bauer and George Lasch. During this two-part workshop, you will plan the garden of your dreams with methods used by industry professionals. Learn processes, tips and tricks the pros use to create a functional, beautiful and sustainable garden. You will then have some time to take those ideas home and work on your own design. **The second session is on Saturday, April 20, 10 a.m. to 1 p.m.**, where you will get feedback and discuss design solutions. **Cost:** \$65 for Bellevue Botanical Garden Society members; \$75/non-BBGS members. **Pre-registration:** Required. **Info:** <http://www.bellevuebotanical.org/>
- April 5** **Story Time on the Farm**, 10:30 a.m. – 11 a.m.
Kelsey Creek Farm Park, Education Barn, 410 130th Place SE
Come enjoy story time in a farm setting. Each story session will involve a different farm animal-related theme and will include a visit by one of our resident farm animals. The stories will come alive for children as they see the featured animal characters from the stories in real life. Children must be accompanied by an adult. Space is limited, and doors close when the program begins. **Ages:** 3-6 years old; children must be accompanied by an adult. **Cost:** Free! **Pre-registration:** Not required. **Info:** KelseyCreekFarm@bellevuewa.gov or 425-452-7688.
- April 5** **Lewis Creek Story Time: “The Lorax”**
Two sessions, choose one – 11 a.m. –noon OR 1:30 p.m. – 2:30 p.m.
Lewis Creek Park Visitor Center, 5808 Lakemont Blvd SE
Look, listen and create during an hour of stories and crafts! Learn how you, too, can “speak for the trees” as we read this classic story and learn the basics of environmental stewardship. This is an indoor program. **Ages:** Best for ages 3-7 with accompanying adult(s). **Cost:** Free! **Pre-registration:** RSVP required for children and adults. **Info and to RSVP:** LCVC@bellevuewa.gov or 425-452-4195.
- April 6** **Garden Class: Expressive Acrylic Painting**, 9 a.m. – 1 p.m.
Bellevue Botanical Garden, 12001 Main Street
This class will be taught by Terry MacDonald. Come and create a brilliant botanical artwork! Acrylics are a very versatile medium with bright colors, infinite techniques and are easy to use. In this class, we will create two projects: a small warm-up project on a wood surface and a larger painting of a geranium on canvas. Students should have some basic painting skills, but not necessarily much experience. The instructor will provide the materials. **Cost:** \$75 for Bellevue Botanical Garden Society members; \$85/non-BBGS members. **Pre-registration:** Required. **Info:** <http://www.bellevuebotanical.org/>

Kelsey Creek Farm Park, 410 130th Place SE
A sheep! Come to the farm to meet our sheep and find out what it takes to be a shepherd. Help us clean the sheep stall, feed out hay, and pet a sheep! Each child will do a craft with wool from one of our sheep. Come dressed for the weather. **Ages:** 5-7 years old. **Cost:** \$25/resident and \$30/non-resident. **Pre-registration:** Required. Day-of registration will be accepted if space allows. **Info and to register:** KelseyCreekFarm@bellevuewa.gov or 425-452-7688, course #1900803.
- April 6** **Ranger-Led Hike at Lewis Creek Park, 10:30 a.m. – 11:30 a.m.**
Meeting place: Lewis Creek Park Visitor Center, 5808 Lakemont Blvd SE
Join a Park Ranger to explore the natural and cultural history of Lewis Creek Park. Look for signs of local wildlife, and learn what to do when encountering animals in the wild. Please dress for the weather and wear sturdy shoes. **Distance:** Approximately 1 mile. **Level of difficulty:** Easy (50 feet elevation change). **Ages:** All ages welcome; we encourage families to join us! **Cost:** Free! **Pre-registration:** Not required. **Info:** 425-452-4195.
- April 6** **Garden Class: Beneficial Bugs for Kids, 2 p.m. – 4 p.m.**
Bellevue Botanical Garden, 12001 Main Street
What are Beneficial Bugs? Why do we need them, and how do we attract them to our garden? Join us as we examine live insects, read a story, create a bug craft, and go in search of pollinators. **Ages:** Best for ages 3-8 with accompanying adult(s). **Cost:** \$12 per child. Accompanying adults are free. **Pre-registration:** Required. **Info:** <http://www.bellevuebotanical.org/>
- April 7** **Family-Friendly Ranger Hike, 2 p.m. – 3 p.m., rain or shine**
Meet at: Mercer Slough Environmental Education Center, 1625 118th Avenue SE
Bring the whole family to join a Park Ranger on a guided hike through the Mercer Slough Nature Park. This kid-oriented program aims to educate kids and their parents about the Nature Park while discovering the birds and animals that call the Mercer Slough home. The hour-long nature walk ends at the channel bridge in the middle of the park. From there you will be able to continue on to further explore the rich diversity the park has to offer. **Distance:** 1.5 miles. **Level of Difficulty:** Easy (30 feet elevation change). **Ages:** Family event; all ages welcome. **Cost:** Free! **Pre-registration:** Please RSVP. **Info and to RSVP:** MSEEC@bellevuewa.gov or 425-452-2565.

- June 8** **Family Discovery Series: Who Let the Bugs Out? 2 p.m. – 3 p.m.**
Mercer Slough Environmental Education Center, 1625 118th Avenue SE
We can find insects in almost every habitat, yet insects are underappreciated for their role in the food web. Without insects to help break down and dispose of wastes, dead animals and plants would accumulate in our environment. Other animals rely on insects as their primary food source. Without them, they would starve. Join a Park Ranger for a nature walk in search of bugs. Enjoy some hands-on activities and crafts as well. **Ages:** Best for children ages 5-10 years old. **Cost:** Free! **Pre-registration:** Please RSVP. **Info and to RSVP:** MSEEC@bellevuewa.gov or 425-452-2565.
