

Burrows Cabin Relocation to Chism Beach Park Picnic Area

For your information...

The Burrows Cabin, built in 1883, Bellevue's oldest building, will be relocated to Chism Beach Park in the summer of 2016. The cabin was originally built at a location near Chism Beach Park. Many alternative sites were considered for the relocation. Chism Beach Park was chosen as the best area for the close proximity to the original building site and the ability to provide future access for public use. The cabin will be located on the upper lawn near the parking lot and picnic area.
