JOIN US EVERY TUESDAY 10:30 AM - 1 PM

We are a community of Indian people who are visiting Seattle for the sake of our children. It is a very beautiful place surrounded by hills and lakes and lots of things to see for fun and delightment. Though it is very difficult to pass five days waiting for the weekends to get our children free and take us to visit other places, it is our good luck that we could locate this North Bellevue Community Center in our residence area. We were welcomed by the Community Center and we were delighted that it so nicely managed and we are encouraged to visit. Come join us! It is now a daily practice to visit this unique place in the mornings and stay here through lunch, participating in games, conversation, library, billiards and going other places together. We enjoy lunch here at the Center also, as they offer veg lunch on request. Though our stay here at Bellevue is very short, we are blessed to have come to this place.
