Subject: Court Rentals & Private Lesson Fee Increase

Effective October 1st 2021, indoor court rental fees and private lesson rates will increase. The new fees will allow us to keep up with rising operating costs and continue to provide year-round programs and services to our residents and the greater Eastside tennis community. Our last court rental fee increase was in 2016 and our last private lesson increase was in 2017. Thank you for your continued support.

Listed below shows the current and new fees:
