Program Overview

Purpose

The public funding that supports EAP grants is an investment in our community. The importance of these dollars reaches beyond the intrinsic value of the arts, increasing the quality of life of our residents, the education and development of our children, the vitality of our businesses, and our sense of connectedness to the community. Providing direct support to arts and heritage organizations is included in the *Cultural Compass* goals, Bellevue's cultural plan, and include:

- Strengthen Bellevue's arts and cultural organizations and opportunities for artists, both vocational and professional.
- Employ Bellevue's arts and cultural assets to further the City's economic development priorities.
- Promote the arts and cultural traditions of Bellevue's increasing diverse population to distinguish and enrich civic life.
- Foster a unique learning-oriented cultural environment for people of all ages.

The Partnership

EAP offers operating support, capacity building, and technical assistance to nonprofit organizations that provide annual arts, cultural, and heritage programs in Bellevue. EAP encourages:

- Programming quality and sustainability.
- Arts access for Bellevue residents.
- Artistic, managerial and fiscal excellence.
- Greater cooperation and collaboration among arts groups.

Balancing excellence in the arts and community has been achieved by a dedicated partnership between the Bellevue Arts Commission and the arts community. Together we will continue to build a more culturally rich Bellevue.

Public Funding = Public Benefit

Washington law requires that individuals or organizations who receive public funding must provide a public benefit.

Examples of public benefit are:

- Free public performances, exhibitions, workshops, screenings, or readings.
- Free scholarships to ongoing, fee-based arts educational or training programs.
- Accommodating services that expand access and inclusion to individuals with limited physical or English-speaking abilities.

Acknowledgment

Organizations receiving funding from the City of Bellevue must acknowledge the support, at a minimum, in printed programs, or if programs are not appropriate, in signage visible to the public, as well as in digital media dedicated to the funded activities. The visibility recipient organizations provide helps our ability to maintain and raise funding levels and to keep Bellevue residents informed on how their tax dollars are supporting the arts in their community.

Scope of Work

Recipients acknowledge that this application serves as a scope of work detailing how the funds will be used.

Timing of Payments

Funds will be paid upon completion of the work described in the scope. Final billing for 2020 funds must be received by December 1st, 2020. Funds do not carry over into 2021.

Onsite Reviews

Organizations receiving funding provide access to performances/exhibits for evaluators, who may be Bellevue Arts Commissioners or staff, and/or on-site reviewers (a maximum of four tickets). On-site reviewers are professional artists or administrators who are selected based on demonstrated professional experience in a particular arts discipline and who are assigned on a rotating basis to assess the artistic work of organizations in their discipline area. The reviewer submits a written evaluation form to the Arts Program. The evaluation will be considered in future grant applications by the organizations.

Final Report

Submitting a final report once the work listed in the Scope is completed and invoice will be necessary to receive funding. The forms are available online through the grant portal.
