

# TRAFFIC REVISION

August 2019

## TRAFFIC REVISION

### New flashing yellow arrow signals to be added at 108th Ave and Main Street

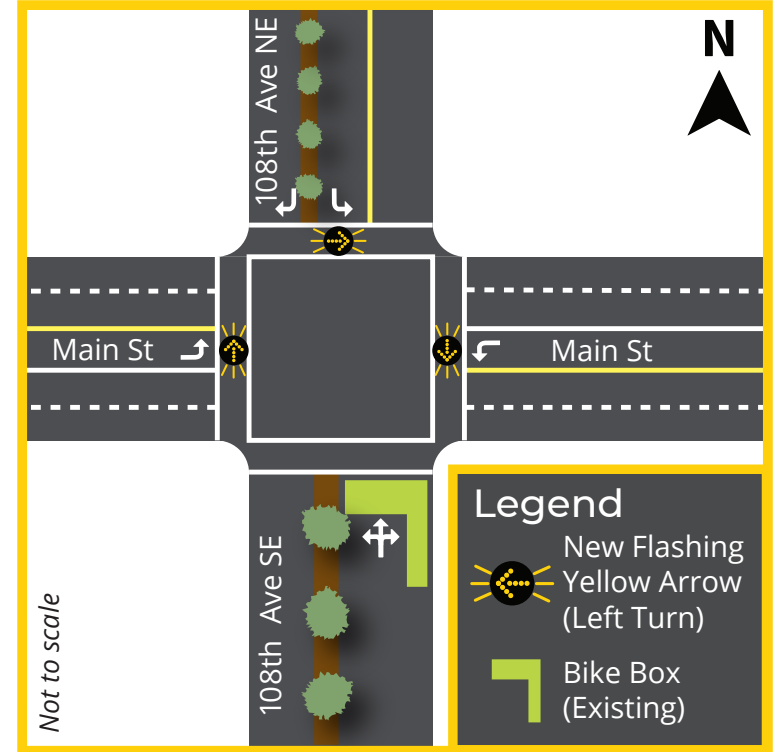

To improve pedestrian safety and reduce left turn delay at the intersection of 108th Avenue and Main Street, flashing yellow arrow signals will be added to three directions: eastbound, westbound and southbound (see map).

The flashing yellow arrows allow for left turns but drivers must yield to oncoming traffic. The left turn arrow will remain red when a pedestrian has pressed the crosswalk button allowing pedestrians to cross without conflicting with left turn traffic. Drivers will also receive a green arrow for a protected left turn movement.

Installation of the flashing yellow arrow signals will take approximately one day to complete. Work is planned for late August. Exact dates will be posted on Nextdoor and on [BellevueWA.gov/flashingyellowarrows](http://BellevueWA.gov/flashingyellowarrows).

During the installation, the intersection will be open but expect intermittent short-term lane closures. Please obey police officers and flaggers directing traffic.
