### DID YOU KNOW?

#### POLICE

Our mission is to provide a safe place to live, work and visit through quality law enforcement practices delivered by dedicated professionals.

We focus our efforts on reducing crime, reducing the fear of crime, and enhancing the quality of life for all who call Bellevue home by delivering the highest standard of police services to the public through partnering with the community, embracing diversity, building trust and embodying transparency.

- **Did you know?** Every year Bellevue Police officers undergo required crisis intervention training online, focusing on de-escalation and assisting individuals in crisis. Topics regularly include issues related to mental health and intellectual/developmental disabilities.
- **Did you know?** Bellevue Police School Resource Officers attend an annual conference for 40 hours, which focuses on student/school safety and discussions of diversity considerations and celebrations within schools. Additional focus areas include working with students with cognitive/developmental/physical disabilities and mental illness diagnoses as well as students in crisis.
- **Did you know?** Bellevue Police officers work in partnership with Bellevue C.A.R.E.S. and the King County Mobile Crisis Team on a daily basis. When officers come in contact with people who are in crisis or could benefit from one of these programs, they will make a referral.
