

# CONSTRUCTION ALERT

## NE 12th Street Multipurpose Path: 112th Avenue NE to 108th Avenue NE

November 2020

The Bellevue Transportation Department plans to create a safe route for pedestrians and bicyclists by building a multipurpose path along NE 12th Street, from 112th Avenue NE to 108th Avenue NE. Improvements include:

- Expanding the existing 5-foot wide sidewalk to a 12-foot wide multipurpose path, including accessibility upgrades to curb ramps.
- Expanding the current planter strip from 3 feet to 5 feet in width.
- Restoring landscaping impacted by construction. Adding signage with safety messages along the path.

These improvements will have minimal impact on how McCormick Park functions; the existing gravel path within the park will remain.

### What to expect

Construction is expected to begin in November. Signal pole installation will come later. Some work is weather dependent. The construction schedule is subject to change.

- **Approved work hours:** 7 a.m. to 3:30 p.m., Mon.-Fri.
- **Traffic impacts:** Expect single lane closures of the westbound lane of NE 12th Street. Flaggers will be located at driveways and cross streets.
- **Pedestrian and bicycle access:** One side of the sidewalk will always be open and pedestrians will be directed to cross at the crosswalk.

### For your safety

Thank you for your patience during construction and for exercising caution near the work zone.

### Funding

Funding comes from the Downtown Transportation Plan Implementation Program. Construction cost is estimated at \$700,000.
