Virtual Open House

Visit [EngagingBellevue.com](https://engagingbellevue.com) to watch a 7-minute virtual tour of Fire Station 10. You will view building massing, initial layout and design features. Fire Station 10, located at 112th Ave NE and NE 12th Street, will complete the city system and reduce emergency response times.

If you missed the January open house that introduced Fire Station 10, you can review that presentation here, too.

This two-week virtual open house invites you to take a short survey defining your priorities and asks for your general design comments. The Conditional Use Permit Process will follow this summer with additional opportunity for public comment.

The community is encouraged to submit design comments and offer feedback on [EngagingBellevue.com](https://engagingbellevue.com).

For more information, please visit: BellevueWA.gov/fire-station-10. For questions or to provide non-digital feedback, email firestation10@bellevuewa.gov.
