A. Policy of Nondiscrimination

The City of Bellevue assures that no person shall on the grounds of race, color, national origin, or sex as provided by Title VI of the Civil Rights Act of 1964, and the Civil Rights Restoration Act of 1987 (P.L. 100.259) be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any City sponsored program or activity. The City of Bellevue further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether or not those programs and activities are federally funded.

In the event the City of Bellevue distributes Federal aid funds to another entity, the City will include Title VI language in all written agreements and will monitor the sub-recipients for compliance.

Title VI compliance is a condition of receipt for Federal funds. Assurance of compliance, therefore, falls under the proper authority of the City Manager's Office pursuant to its budgetary authority and responsibility. The City Manager, Department Director, and Title VI Coordinator are authorized to ensure compliance with provisions of this policy and with the law, including the requirements of 23 Code of Federal Regulation (CFR) 200 and 49 CFR 21.

B. Authorities

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or
be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance.

The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of the terms “programs or activities” to include all programs or activities of Federal Aid recipients, sub-recipients, and contractors, whether or not such programs and activities are Federally assisted (P. L. 100-259 [S. 557] March 22, 1988).

Limited English Proficiency - Executive Order 13166 clarifies that individuals with limited English proficiency are protected under the Title VI nondiscrimination provisions related to national origin, and requires Federal aid recipients, sub-recipients and contractors to take reasonable steps to provide meaningful access to programs, services and entities. These reasonable steps may include providing information, services and materials in languages other than English.

Environmental Justice - Executive Order 12898 clarifies that Title VI requires Federal aid recipients, sub-recipients and contractors to conduct an equity assessment to ensure full and fair participation of minority and low-income communities and avoid disproportionately high or adverse human and environmental impacts from transportation projects.

Intimidation or retaliation of any kind is prohibited by law.

The procedures do not deny the right of the complainant to file formal complaints with other state or Federal agencies or to seek private counsel for complaints alleging discrimination. Every effort will be made to resolve complaints informally at the City and sub-recipient level. The option of informal mediation meeting(s) between the affected parties and a designated mediator may be utilized for resolution.

B. Procedures

1. Any individual, group of individuals, or entity that believes they have been subjected to discrimination prohibited by nondiscrimination requirements may file a written complaint with the ADA/Title VI Civil Rights Administrator. A formal complaint must be filed within 180
calendar days of the alleged occurrence. Complaint forms are available through the City's website or by contacting a Title VI Coordinator. The City will not officially act or respond to complaints made verbally.

2. Upon receiving the written complaint, the ADA/Title VI Civil Rights Administrator in consultation with the Transportation Department Title VI Coordinator and other City offices, will determine its jurisdiction, acceptability, need for additional information, and the investigative merit of the complaint.

3. If the complaint is against the City, the City will request the Washington State Department of Transportation (WSDOT) Office of Equal Opportunity conduct the investigation. In the event WSDOT handles the investigation, they will follow their adopted procedures for investigating discrimination complaints, per their current State Title VI Plan. If the complaint is against a sub-recipient, consultant, or contractor, under contract with the City, the appropriate Department and/or division shall be notified of the complaint, within 15 calendar days, and the City will determine whether it will investigate the complaint or request WSDOT to conduct the investigation.

4. Once the City decides its course of action, the complainant and the respondent will be notified in writing of such determination within five (5) calendar days. The complaint will be logged into the records of the Title VI Coordinator, and the basis for the allegation identified including race, color, national origin, handicap/disability, age or sex.

5. In cases where the City of Bellevue assumes investigation of the complaint, the City will provide the respondent with the opportunity to respond to the allegations in writing. The respondent will have ten (10) calendar days upon receipt, to furnish the City with his/her response to the allegations.

6. Within 60 days of receipt of the complaint, the Title VI Coordinator or WSDOT investigator will prepare a written investigative report for the Department Director and City Manager. The report shall include a narrative description of the incident, identification of persons interviewed, findings and recommendations for disposition.

7. The recommendation shall be reviewed by the City Attorney's office, which may discuss the report and recommendations with the Transportation Department and City Title VI Coordinators and/or other appropriate departmental staff. The report will be modified as needed and finalized for its release to the parties.

8. Once the investigative report becomes final, briefings will be scheduled with each party within 15 days. Both the complainant and the respondent shall receive a copy of the investigative report during the briefings and will be notified of their respective appeal rights.

9. A copy of the complaint and City or WSDOT investigative report will be issued to WSDOT's External Civil Rights Branch (or the appropriate oversight agency) within 60 calendar days of the receipt of the complaint.
10. If the complainant or respondent is not satisfied with the results of the investigation of the alleged discriminatory practice(s) he or she shall be advised of their rights to appeal the decision to WSDOT, U.S. Department of Transportation or U.S. Department of Justice. The complainant has 180 calendar days after the appropriate agency’s final resolution to appeal to USDOT. Unless new facts not previously considered come to light, reconsideration of the final determination by the investigating agency will not be available.

11. The Title VI Coordinator will maintain an annual Log of Complaints, which will contain the following information for each complaint filed:
   - The name and address of the person filing the complaint
   - The date of the complaint
   - The basis of the complaint
   - The disposition of the complaint
   - The status of the complaint

Only qualified and well-trained investigators should conduct these investigations. No agency is allowed to investigate a complaint against itself.

VI. Sub-Recipient Review and Remedial Action Procedures

A. Title VI Review of Sub-recipients of Federal-Aid Highway Funds
   Transportation Title VI Specialists and the Title VI Coordinator will assist WSDOT to periodically conduct Title VI compliance reviews. Transportation Department staff will review select recipients of Federal-Aid highway or other Federal funds, to ensure adherence to Title VI requirements (see Section VII). Appropriate staff will periodically confirm that operational guidelines provided to consultants, contractors and sub-recipients included Title VI language, provisions, and related requirements, where applicable.
C. Remedial Action.
When irregularities occur in the administration of Federal-aid highway programs at either the City or sub-recipient levels, corrective action will be taken to resolve identified Title VI issues. The City of Bellevue will seek the cooperation of the consultant, contractor or other sub-recipient in correcting deficiencies found during periodic reviews. The City will provide technical assistance and guidance, upon request, to support voluntary compliance by the sub-recipient. When conducting Title VI compliance reviews, the City will reduce to writing any recommended remedial action agreed upon by the Transportation Department and sub-recipient, and provide a copy of the letter within a period not to exceed 45 days.

Sub-recipients placed in a deficiency status will be given a reasonable time, not to exceed 90 days after receipt of the deficiency letter, to voluntarily correct deficiencies. When a sub-recipient fails or refuses to voluntarily comply with requirements within the allotted time frame, the City of Bellevue will submit to WSDOT and FHWA copies of the case file and a recommendation that the sub-recipient be found in noncompliance.

A follow-up review will be conducted within 180 days of the initial review to ascertain if the sub-recipient has complied with the Title VI Program requirements in correcting deficiencies previously identified. If the sub-recipient refuses to comply, the City of Bellevue and WSDOT may, with FHWA's concurrence, initiate sanctions per 49 CFR 21.

Introduction:

As a recipient of Federal funds, the City of Bellevue is required to follow certain federal regulations. Consequently, the City of Bellevue Department of Transportation has laid out this LEP (Limited English Proficiency) plan to ensure compliance with both Title VI of the Civil Rights Act of 1964 concerning access to services for people with limited English proficiency. It also responds to Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, which directs recipients of federal funding to take reasonable steps to ensure that people with limited English proficiency have meaningful access to their programs and activities.

This plan will also help the City of Bellevue’s Transportation department comply with the King County executive order INF 14-2 (AEO) on Written Language Translation Process.

Plan Summary:

This LEP plan consists of two primary components: A federally mandated Four Factor Analysis, as well as an implementation plan. Four Factor Analysis consists of the following four considerations:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.
2. The frequency with which LEP persons come into contact with the program.
3. The nature and importance of the program, activity, or service provided by the program to people's lives.
4. The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

The implementation plan consists of the specific steps and measures that will be taken to outreach and provide services to LEP individuals. The implementation plan details how language assistance will be provided by the City of Bellevue, how individuals will be notified about said language assistance, how staff will be trained to follow the newly implemented guidelines, and how the plan will be modified and updated over time.

Legal Basis:

This plan is legally mandated by Title VI of the Civil Rights Act of 1964, as well as Executive Order #13166 passed on August 11, 2000. A copy of Executive Order 13166 is available in Appendix B.
Part I: Results of Four Factor Analysis:

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient:

To determine the number of LEP individuals in the City of Bellevue who are likely to be encountered by the Department of Transportation, the Department analyzed demographics data from three locations: The 2010-2014 ACS (American Communities Survey), the Bellevue School District's records on students enrolled in ELL programs, and the King County District Court data on cases in Bellevue that required interpretation. An excerpt of said data is printed below:

Additionally, the City of Bellevue has relied on WSDOT's Application for Local Planning and Community Accessibility (ALPACA) to get an idea for which parts of Bellevue meet the 'safe harbor' threshold of 1,000 people or 5%+ of the population. (Maps of such regions, broken down by US Census tract and language, are available in Appendix A.)

Factor 2: The frequency with which LEP persons come into contact with the program:

The City of Bellevue's Department of Transportation does not currently possess information specifically relating to the frequency of interactions between LEP individuals and Department of Transportation staff or programs. However, a survey has been designed that will be implemented over the following year that will log data and report on interactions between City Staff and LEP individuals. In this survey, staff will be able to log when they have an interaction
with a LEP individual, and report the month the interaction took place as well as the language that the LEP individual appeared to speak.

Factor 3: The nature and importance of the program, activity, or service provided by the program:

The City of Bellevue’s Department of Transportation provides many services which are of relevance to LEP individuals. The City routinely holds open house meetings and invites members of the public to comment on proposed projects and their effects. Language Access concerns must be considered to ensure equal access to services and voice in these and other meetings. Additionally, the city

Factor 4: The resources available and costs to the recipient:

In carrying out the policies outlined in Section II of this Language Access plan, the City of Bellevue has available to it the services of state contract Dynamic Language for language text translation. The City of Bellevue also contracts with Language Line assistance to provide over-the-phone interpreter services. The plan is estimated to cost a total of [$$], which will come out of [budget or account].

Planned/ongoing actions:
Part II: Implementation Plan:

Identifying LEP Individuals:

The data assembled in the above Four-Factor analysis indicates that Spanish and Mandarin Chinese are by far the most prevalent of the non-English languages spoken in King County.

The data further indicates that the languages of Russian, Korean, Vietnamese, Japanese, Hindi, Tagalog, Farsi, and Arabic are also prominent minority languages in Bellevue.

The data from WSDOT's Application for Local Planning and Community Accessibility (ALPACA) mapping tool indicates that there are census tracts in Bellevue which meet the 'Safe harbor' thresholds for Spanish, "Indo-European", and "Asia/Pacific Islander" language groups. While these categories are quite broad, the data serves to corroborate the more specific demographic data presented in Factor One.

Language Assistance Measures:

Staff Training:

Based on the language distribution data summarized above, and consistent with King County's Executive Order on Written Translation, the City of Bellevue will translate public communication materials and vital documents into Spanish when feasible within available resources. The City of Bellevue will translate materials into the other commonly spoken non-English languages when those are the primary language spoken by 5 percent or more of the target audience.

The City of Bellevue will use alternative forms of language assistance when the alternative is more effective or practical. One alternative approach is to place a notice on public communication materials about the availability of interpretation service. Another alternative is to include a summary of a communication piece in Spanish and other languages as relevant and offering a full translation upon request.

Notifying Customers:

A variety of methods for providing notice have been described earlier in this plan. Key methods include the multi-language "Interpretation" graphics that are printed on neighborhood outreach mailers, the

Monitoring, Evaluating, and Updating the LEP Plan:

The City of Bellevue will annually assess the effectiveness of this LEP Plan and update it as appropriate. The assessment will include reviewing the use of language assistance measures, reviewing survey data, and gathering information from staff members who interact with people who do not speak English well.

The City of Bellevue will work with King County's demographer to maintain up-to-date data about populations that may need language assistance.
The City of Bellevue will further ensure that data on LEP populations from sources such as the Bellevue School District and the District Court are up to date and reflect current LEP populations.

Copy of Executive Order 13166: Improving Access to Services for Persons With Limited English Proficiency:

Presidential Documents

Executive Order 13166 of August 11, 2000

Improving Access to Services for Persons With Limited English Proficiency

By the authority vested in me as President by the Constitution and the laws of the United States of America, and to improve access to federally conducted and federally assisted programs and activities for persons who, as a result of national origin, are limited in their English proficiency (LEP), it is hereby ordered as follows.

Sec. 1. Goals.
The Federal Government provides and funds an array of services that can be made accessible to otherwise eligible persons who are not proficient in the English language. The Federal Government is committed to improving the accessibility of these services to eligible LEP persons, a goal that reinforces its equally important commitment to promoting programs and activities designed to help individuals learn English. To this end, each Federal agency shall examine the services it provides and develop and implement a system by which LEP persons can meaningfully access those services consistent with, and without unduly burdening, the fundamental mission of the agency. Each Federal agency also shall work to ensure that recipients of Federal financial assistance (recipients) provide meaningful access to their LEP applicants and beneficiaries. To assist the agencies with this endeavor, the Department of Justice has today issued a general guidance document (LEP Guidance), which sets forth the compliance standards that recipients must follow to ensure that the programs and activities they normally provide in English are accessible to LEP persons and thus do not discriminate on the basis of national origin in violation of Title VI of the Civil Rights Act of 1964, as amended, and its implementing regulations. As described in the LEP Guidance, recipients must take reasonable steps to ensure meaningful access to their programs and activities by LEP persons.

Sec. 2. Federally Conducted Programs and Activities.
Each Federal agency shall prepare a plan to improve access to its federally conducted programs and activities by eligible LEP persons. Each plan shall be consistent with the standards set forth in the LEP Guidance, and shall include the steps the agency will take to ensure that eligible LEP persons can meaningfully access the agency’s programs and activities. Agencies shall develop and begin to implement those plans within 120 days of the date of this order, and shall send copies of their plans to the Department of Justice, which shall serve as the central repository of the agencies’ plans.

Sec. 3. Federally Assisted Programs and Activities.
Each agency providing Federal financial assistance shall draft Title VI guidance specifically tailored to its recipients that is consistent with the LEP Guidance issued by the Department of Justice. This agency-specific guidance shall detail how the general standards established in the LEP Guidance will be applied to the agency’s recipients. The agency-specific guidance shall take into account the types of services provided by the recipients, the individuals served by the recipients, and other factors set out in the LEP Guidance. Agencies that already have developed Title VI guidance that the Department of Justice determines is consistent with the LEP Guidance shall examine their existing guidance, as well as their programs and activities, to determine if additional guidance is necessary to comply with this order. The Department of Justice shall consult with the agencies in creating their guidance and, within 120 days of the date of this order,
each agency shall submit its specific guidance to the Department of Justice for review and approval. Following approval by the Department of Justice, each agency shall publish its guidance document in the Federal Register for public comment.

Sec. 4. Consultations.
In carrying out this order, agencies shall ensure that stakeholders, such as LEP persons and their representative organizations, recipients, and other appropriate individuals or entities, have an adequate opportunity to provide input. Agencies will evaluate the particular needs of the LEP persons they and their recipients serve and the burdens of compliance on the agency and its recipients. This input from stakeholders will assist the agencies in developing an approach to ensuring meaningful access by LEP persons that is practical and effective, fiscally responsible, responsive to the particular circumstances of each agency, and can be readily implemented.

Sec. 5. Judicial Review.
This order is intended only to improve the internal management of the executive branch and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies, its officers or employees, or any person.

Appendix C: References / Maps of City LEP Population:

[Maps pending compilation with most recent data]
Environmental Justice

Document any significant population of protected persons are present within the limits of your project. A list of such populations can be found in Section B. If no such populations exist, no environmental justice analysis is necessary; document demographic data showing no such population exists. If such populations exist, identify possibly adverse environmental externalities to those populations. A comprehensive list of externalities can be found in Section A. If no such externalities exist, no environmental justice analysis is necessary. Document the lack of any such externalities. If significant externalities exist, commit to and document outreach to inform affected people about the effects of the project on their community, as well as to gather feedback on the effects of your project on local populations, especially those protected under Title VI. This process can and should be conducted in tandem with other community outreach efforts, and be consistent with the guidelines for conducting effective community outreach. This process should also allow documentation of more accurate and relevant externalities. Develop and document mitigations for the issues are identified to be highly adverse. Ensure that adverse environmental externalities not fully addressed by mitigations do not disproportionately affect populations of protected persons. A useful tool to determining this analysis can be found in Section B.

Appendix 7—Title VI Program for FTA Compliance
2020 City of Bellevue Title VI Program for FTA Compliance

Introduction

The City of Bellevue (City) is a Federal Transit Administration sub-grantee to King County. King County Metro contracts with the City to fund commuter incentives, employer programs, and other transportation demand management efforts. The City does not directly provide any transit service.

To meet Title VI program requirements, the City has its own procedures to meet certain requirements such as a complaint process and public participation. In addition to its own compliance measures, the City will rely upon the analysis and overall program efforts conducted by King County Metro to meet requirements, e.g. Limited English Proficiency.

Since the City does not operate any transit service, this plan only addresses the General Reporting Requirements.

General Reporting Requirements

A. Title VI Notice to the Public

The City of Bellevue Title VI Notice to the Public is as follows:

*The City of Bellevue hereby gives public notice that it is the City’s policy to assure full compliance with Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and related statutes and regulations in all programs and activities. Title VI requires that no person shall, on the grounds of race, color, sex, or national origin be excluded from the participation in, be denied the benefits of, or otherwise be subjected to discrimination under any Federal Aid Highway program or other activity for which the City of Bellevue receives Federal Financial assistance.*

*Any person who believe they have been aggrieved by an unlawful discriminatory practice under Title VI has a right to file a formal complaint with the City of Bellevue. Any such complaint must be in writing and filed with the ADA/Title VI Civil Rights Administrator within one hundred, eighty (180) days following the date of the alleged discriminatory occurrence. Title VI Discrimination Complaint Forms may be obtained through the City’s website (www.bellevuewa.gov) or from the Title VI Coordinator at no cost to the complainant by calling (425) 452-6168.*

B. Title VI Complaint Procedures and Form

A Title VI complaint form and instructions for filling out a Title VI complaint can be obtained on the City of Bellevue’s website (www.bellevuewa.gov). The City of Bellevue’s Title VI Complaint Procedures are available in Appendix 1, and a copy of the City’s Title VI complaint form is available in Appendix 2.

C. Title VI Investigations, Complaints, and Lawsuits

The City of Bellevue has had no Title VI complaints related to transit during the past three years.
D. Public Participation Plan

The City of Bellevue fully encourages public involvement and participation in decision-making processes. As part of the King County Department of Transportation work plan for public transit projects, the City adopts the public participation plan of King County Metro Title VI Program Report and will coordinate with King County Metro in public participation efforts related to transit projects being managed by the City of Bellevue.

E. Language Assistance Plan

In addition to its own LEP research and compliance efforts, as a sub-recipient, The City relies upon the limited English proficiency analysis conducted by King County. A comprehensive LEP plan has been developed and will be available as an appendix to the full Title VI plan, as well as online.

LEP compliance research conducted by the City of Bellevue indicates that the most prevalent non-English languages in Bellevue are Spanish and Mandarin Chinese. Additionally, the languages of Spanish, Mandarin Chinese, Russian, Korean, and Vietnamese all meet the federal ‘safe harbor’ threshold for translating vital documents.

City of Bellevue efforts to ensure language access include Language Line interpretation assistance available free of charge, translation of certain “Vital Documents” including the Title VI complaint form into up to twelve languages, and placing “interpretation available” multi-lingual graphics on documents for public release. For more information on the City of Bellevue’s language access compliance efforts, consult the full LEP plan online.

F. Monitoring Sub-recipients

The City has no sub-recipients. It will cooperate with King County Metro in providing information and attending meetings as required by King County Metro is its monitoring procedures of our efforts.

G. Review of Facilities Constructed

The City did not build any storage facilities, maintenance facilities or operations centers and did not modify any facilities that require a Title VI analysis.

H. Documentation of Governing Body Review and Approval of the Title VI Program.

The most recent revision of the City of Bellevue’s full Title VI Plan was adopted in August 2016, with an official Policy of Nondiscrimination signed and approved by the City Manager, Transportation Department Director, and the Assistant City Attorney. The documentation of approval for FTA compliance can be found in Appendix 3 and will be included as an appendix in the next update of the City of Bellevue’s full Title VI plan.
Appendix 1: Complaint Procedures – Allegations of Discrimination in Federally Assisted Programs or Activities

A. Overview

These procedures cover all complaints filed under Title VI of the Civil Rights Act of 1964 as amended, Section 504 of the Rehabilitation Act of 1973, Civil Rights Restoration Act of 1987, and the Americans with Disabilities Act of 1990, relating to any program or activity administered by the City of Bellevue Transportation Department, as well as to sub-recipients, consultants, and contractors. Intimidation or retaliation of any kind is prohibited by law.

The procedures do not deny the right of the complainant to file formal complaints with other state or Federal agencies or to seek private counsel for complaints alleging discrimination. Every effort will be made to resolve complaints informally at the City and sub-recipient level. The option of informal mediation meeting(s) between the affected parties and a designated mediator may be utilized for resolution.

B. Procedures

1. Any individual, group of individuals, or entity that believes they have been subjected to discrimination prohibited by nondiscrimination requirements may file a written complaint with the ADA/Title VI Civil Rights Administrator. A formal complaint must be filed within 180 calendar days of the alleged occurrence. Complaint forms are available through the City's website or by contacting a Title VI Coordinator. The City will not officially act or respond to complaints made verbally.

2. Upon receiving the written complaint, the ADA/Title VI Civil Rights Administrator in consultation with the Transportation Department Title VI Coordinator and other City offices, will determine its jurisdiction, acceptability, need for additional information, and the investigative merit of the complaint.

3. If the complaint is against the City, the City will request the Washington State Department of Transportation (WSDOT) Office of Equal Opportunity conduct the investigation. In the event WSDOT handles the investigation, they will follow their adopted procedures for investigating discrimination complaints, per their current State Title VI Plan. If the complaint is against a sub-recipient, consultant, or contractor, under contract with the City, the appropriate Department and/or division shall be notified of the complaint, within 15 calendar days, and the City will determine whether it will investigate the complaint or request WSDOT to conduct the investigation.

4. Once the City decides its course of action, the complainant and the respondent will be notified in writing of such determination within five (5) calendar days. The complaint will be logged into the records of the Title VI Coordinator, and the basis for the allegation identified including race, color, national origin, handicap/disability, age or sex.

5. In cases where the City of Bellevue assumes investigation of the complaint, the City will provide the respondent with the opportunity to respond to the allegations in writing.
The respondent will have ten (10) calendar days upon receipt, to furnish the City with his/her response to the allegations.

6. Within 60 days of receipt of the complaint, the Title VI Coordinator or WSDOT investigator will prepare a written investigative report for the Department Director and City Manager. The report shall include a narrative description of the incident, identification of persons interviewed, findings and recommendations for disposition.

7. The recommendation shall be reviewed by the City Attorney’s office, which may discuss the report and recommendations with the Transportation Department and City Title VI Coordinators and/or other appropriate departmental staff. The report will be modified as needed and finalized for its release to the parties.

8. Once the investigative report becomes final, briefings will be scheduled with each party within 15 days. Both the complainant and the respondent shall receive a copy of the investigative report during the briefings and will be notified of their respective appeal rights.

9. A copy of the complaint and City or WSDOT investigative report will be issued to WSDOT’s External Civil Rights Branch (or the appropriate oversight agency) within 60 calendar days of the receipt of the complaint.

10. If the complainant or respondent is not satisfied with the results of the investigation of the alleged discriminatory practice(s) he or she shall be advised of their rights to appeal the decision to WSDOT, U.S. Department of Transportation or U.S. Department of Justice. The complainant has 180 calendar days after the appropriate agency’s final resolution to appeal to USDOT. Unless new facts not previously considered come to light, reconsideration of the final determination by the investigating agency will not be available.

11. The Title VI Coordinator will maintain an annual Log of Complaints, which will contain the following information for each complaint filed:

   - The name and address of the person filing the complaint
   - The date of the complaint
   - The basis of the complaint
   - The disposition of the complaint
   - The status of the complaint

Only qualified and well-trained investigators should conduct these investigations. No agency may investigate a complaint against itself.

Appendix 3: City Approval of Title VI Program for FTA Compliance

The City of Bellevue assures that no person shall on the grounds of race, color, national origin, or sex as provided by Title VI of the Civil Rights Act of 1964, and the Civil Rights Restoration Act of 1987 (P.L. 100.259) be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any City sponsored program or activity. The City of Bellevue further assures every effort will be made to ensure nondiscrimination in all its programs and activities, regardless of whether those programs and activities are federally funded.

As a recipient of financial assistance from the FTA through its financial agreements with King County, the City of Bellevue is subject to Title VI and its accompanying implementation regulations. King County has requested that the City of Bellevue, as a sub-grantee, comply with this requirement and document their compliance by adopting a Title VI program.
