Join us in this impactful and special virtual experience created by Delbert Richardson, a community scholar, second generation storyteller and ethno-museumologist.

This virtual experience gives our community the ability to engage and explore in a virtual the Unspoken Truths collection much in the same way they would have done so in person.

The exhibit explores historical time periods in United States history including the inception of stories and contributions from Mother Africa, chattel slavery period, Jim Crow, and finally highlighting and uplifting the voices of African Americans contributions.

The virtual museum will be live from February 1, 2021 to March 31, 2021 on the City of Bellevue Site.
