Traffic Circle Decorative Treatments Survey

| Tool Status | Published | Survey Response | | | |
|--------------|-----------|-----------------------------|--|---|---|
| Visitors | 94 | Date of contribution | What decorative treatment design would you like to see at the traffic circles? Please select one. (Click image to enlarge) | Help us understand why you selected this option by writing your thoughts in the space below. | What neighborhood do you live in? (See Neighborhood Area map if needed) |
| Contributors | 79 | Apr 17 21 04:52:59 pm | "Bike" pattern | I ride my bike around here all the time. | NE Bellevue |
| Registered | 2 | Apr 19 21 05:02:00 pm | "Leaves" pattern | I'd like neighborhood themes in the area to largely be about nature and the PNW. | NE Bellevue |
| Unverified | 4 | Apr 22 21 01:47:44 pm | "Leaves" pattern | Because it's colorful and not just for bikes. | Crossroads |
| Anonymous | 73 | Apr 30 21 09:01:53 am | "Bike" pattern | I think "bike" pattern looks really cool. Second choice is a coin toss between "leaves" and "wheel spokes". These three are all winners. Brick pattern is kinda boring. | I do not live or work in Bellevue |
| Admin | 0 | Apr 28 21 04:58:12 pm | "Wheel spokes" pattern | I like the colors and the bicycle wheel theme to encourage biking. | Crossroads |

Demographics Graphs Below

| | | | |
|-----------------------------|------------------------|---|---------------|
| Apr 26 21 12:34:44 pm | | I live on SE 9th St. I bicycle there with my small kids all the time. We feel very safe about bicycling. We do not need any traffic circles. This is a waist of money and will block the road. | |
| Apr 29 21 04:54:01 am | | Vibrant and meaningful. Easy to view as you please by. Bikes are too busy. Please look like fall. | Bridle Trails |
| Apr 19 21 08:21:05 pm | "Bike" pattern | Very visual attractive. | Lake Hills |
| May 06 21 11:14:13 pm | "Bricks" pattern | I really don't like any of them ... the painted graphics look tacky and the brick looks plain. I'd prefer a more interesting graphic in more thoughtful colors, or a tile pattern that is more interesting than just brick. | Lake Hills |
| May 02 21 09:13:58 pm | "Leaves" pattern | | Lake Hills |
| Apr 29 21 05:00:29 pm | "Wheel spokes" pattern | The Wheel Spokes pattern helps make it clear that this infrastructure has been built as bicycle infrastructure. | Somerset |
| Apr 29 21 09:49:00 pm | "Bricks" pattern | Less distracting to drivers | Lake Hills |
| Apr 18 21 08:03:15 am | "Bricks" pattern | The "Bricks" pattern is classic and aesthetically pleasing. It provides enough visual contrast allowing it to be easily seen, while not being gaudy. The other designs are bright and gimmicky; they are more appropriate for temporary installations rather than | Crossroads |
| Apr 30 21 10:58:19 am | "Wheel spokes" pattern | It's bright enough to alert drivers to be cautious, but also the colors are calming blue-green. | NE Bellevue |

| | | | |
|-----------------------------|------------------------|---|-------------|
| Apr 18 21 12:39:14 pm | "Bike" pattern | Ideally, this will be a bicycle route, so the bicycle pattern looks most appropriate. For walking, pedestrians have the use of sidewalks just to the east along 164th Ave, NE. For 6+ months of the year its very dark, cold and rainy and I don't expect too many to use this greenway route other than vehicles. Should this be a seasonal route? Thanks for allowing input. | NE Bellevue |
| Apr 18 21 02:02:48 pm | "Bike" pattern | I didn't think the bricks would be visible enough. I thought the multi-color bicycles were symbolic to our blended community. | Lake Hills |
| Apr 20 21 06:45:19 am | "Wheel spokes" pattern | Cool looking | NE Bellevue |
| Apr 18 21 06:17:04 pm | "Leaves" pattern | Visible to the eye but also fits in with the nature of the areas. | Crossroads |
| Apr 18 21 08:13:06 pm | "Leaves" pattern | It's prettier than the others | Crossroads |
| Apr 19 21 09:46:58 am | "Leaves" pattern | I selected this option as it is all inclusive for all types of road user. | NE Bellevue |
| Apr 19 21 07:43:33 pm | "Leaves" pattern | My daughter likes it | Lake Hills |
| Apr 19 21 08:06:58 pm | "Bricks" pattern | Might look better than the other options if the colors are coming off after some time. | Lake Hills |

| | | | |
|-----------------------------|------------------------|--|-------------|
| Apr 20 21 11:18:41 am | "Bike" pattern | Celebrates bicycles in neighborhood | Lake Hills |
| Apr 20 21 01:01:45 pm | "Wheel spokes" pattern | | Lake Hills |
| Apr 20 21 01:51:13 pm | "Leaves" pattern | | Lake Hills |
| Apr 20 21 03:33:56 pm | "Bricks" pattern | I like the color and pattern of the bricks design best. | Lake Hills |
| Apr 21 21 11:13:05 am | "Wheel spokes" pattern | since your doing this for the bikes, it seems aproprate. | Lake Hills |
| Apr 21 21 11:24:04 am | "Bricks" pattern | The bricks pattern looks more "natural." And maybe like it will wear better over time too (?). | NE Bellevue |
| Apr 21 21 11:59:28 am | "Bike" pattern | The colorful bicycle pattern seems more pertinent and inclusive for this purpose. | Lake Hills |
| Apr 21 21 12:01:24 pm | "Wheel spokes" pattern | Visibility | NE Bellevue |
| Apr 21 21 01:04:54 pm | "Bricks" pattern | | Lake Hills |

| | | | |
|-----------------------------|------------------------|---|-------------|
| Apr 21 21 06:00:56 pm | "Wheel spokes" pattern | Bright colors will get drivers attention | NE Bellevue |
| Apr 21 21 08:10:50 pm | "Bricks" pattern | The leaves, bikes, and wheel patterns are too ugly (crazy color, to much busy...) | NE Bellevue |
| Apr 21 21 08:52:16 pm | "Wheel spokes" pattern | The Wheel Spokes pattern is bright & highly visible to motorists, stands out more on the pavement | NE Bellevue |
| Apr 21 21 09:39:06 pm | "Leaves" pattern | Colorful without being too busy. | NE Bellevue |
| Apr 21 21 11:05:45 pm | "Bricks" pattern | The Leaves pattern, while nice, seems too "seasonal" - won't look as appropriate in the dead of winter :) The Bike and Wheel Spokes patterns seem too exclusive for bikers, though this is supposed to be for bikers, pedestrians, rollers, etc. | Lake Hills |
| Apr 22 21 10:40:31 am | | I do not WANT any of these. I DO NOT want this \$200k project. HOW did you decide we needed this? IF YOU MUST...in the circle PLANT A TREE that will grow to 60 feet to replace all the trees we have lost. IF YOU MUST ...close off the roads to through traffic and just allow pedestrians and bikes to flow through. ARE YOU DOING TRAFFIC CIRCLES in high income areas? Is this just a punishment for us along with backyard cottages? WE WOULD BENEFIT MORE IF YOU PUT A TRAFFIC CIRCLE AT LAKE HILLS AND 164TH TO SLOW DOWN TRAFFIC AND MAKE PEOPLE PAY ATTENTION AND NOT RUN THE STOP SIGN AT NIGHT. | NE Bellevue |
| Apr 22 21 12:45:56 pm | "Bricks" pattern | The best treatment would involve planting a tree which would grow to a reasonable size and justify calling this a greenway (we NEED to plant more trees to replace those which are being removed!) I favor the bricks because the other patterns are too distracting. The bricks could also be used along with a planted tree. | NE Bellevue |

| | | | |
|-----------------------------|------------------------|---|---------------------|
| Apr 22 21 01:27:46 pm | "Wheel spokes" pattern | I think it is a simple design that is eye catching. I'm actually not sure this is a good idea to pinpoint a particular area and might be distracting for traffic. | Lake Hills |
| Apr 22 21 01:29:46 pm | "Wheel spokes" pattern | It has the brightest color of all four!! | NE Bellevue |
| Apr 22 21 06:26:09 pm | "Bricks" pattern | | NE Bellevue |
| Apr 23 21 08:33:28 am | "Bricks" pattern | It is a timeless look and will not fade and need repainting often | Lake Hills |
| Apr 23 21 08:34:13 am | "Bricks" pattern | I like simple and classy | Lake Hills |
| Apr 23 21 08:23:25 pm | | None of them. This is an absolute waste of time and money and those flat traffic circles will do nothing to stop the speeders. Did you even ask the people who live on this block what they think of the lame brain idea? | Lake Hills |
| Apr 24 21 12:14:18 pm | "Bricks" pattern | Looks most like something a street would be made of. | Lake Hills |
| Apr 24 21 12:57:35 pm | "Wheel spokes" pattern | Like spikes the best, second choice is the bikes, do not like the brick. | West Lake Sammamish |
| Apr 25 21 10:11:25 am | "Wheel spokes" pattern | The bright color will stand out | Lake Hills |

| | | | |
|-----------------------------|------------------------|--|-------------|
| Apr 25 21 10:13:59 am | "Bike" pattern | Pleasant but not overly obnoxious. (Wheel spokes is too bright) | NE Bellevue |
| Apr 25 21 11:00:24 am | "Wheel spokes" pattern | I like the bright colors. | Lake Hills |
| Apr 26 21 08:27:33 am | "Leaves" pattern | Bright and colorful. And it doesn't remind me of a bike crash (I'm an avid bicyclist) like the bike pattern. | NE Bellevue |
| Apr 28 21 06:39:27 pm | "Leaves" pattern | I'd actually prefer real plants, and this is closest. | Lake Hills |
| Apr 26 21 12:34:13 pm | "Bike" pattern | The pattern isn't the relevant point. I live on this street and I do not want the traffic circles. My children already bike on the streets safely. The crossing traffic is slow and infrequent, so there is no reason to have the traffic circles! | |
| Apr 27 21 12:24:10 pm | "Leaves" pattern | It is like extension of th beautiful landscape of the area ; it is relaxing on the eyes and al senses and will bring color and mod lift up during winter months. The others are good, but more technical,; this Street is escape from all tech and work vibes. | Crossroads |
| Apr 28 21 10:36:42 am | "Wheel spokes" pattern | I like the bright green color; it really stands out. Plus it looks to designate a residential street that has bike riders on it. Good, bright reminder that you are on a certain type of street. | NE Bellevue |
| Apr 28 21 12:18:45 pm | "Bricks" pattern | I just like the look of the brick and think it will be the least clashing with the neighborhood. That might make the naysayers quiet down a bit. | NE Bellevue |
| Apr 28 21 05:26:31 pm | "Leaves" pattern | I like the design and colors. Prefer the focus on nature rather than bikes or wheels. | Lake Hills |

| | | | |
|-----------------------------|------------------------|---|-----------------------------------|
| Apr 28 21 05:36:03 pm | "Wheel spokes" pattern | Bright and visible | Lake Hills |
| Apr 28 21 05:35:11 pm | "Leaves" pattern | bold design | Lake Hills |
| Apr 28 21 06:19:21 pm | "Bricks" pattern | The brick pattern is most fitting for a neighborhood with predominantly mid-century modern houses, many of which incorporate brick in their design. | Lake Hills |
| Apr 28 21 07:39:12 pm | "Bricks" pattern | It's the one that looks most like a material that would be used on a road | Lake Hills |
| Apr 28 21 10:36:20 pm | "Bricks" pattern | Brick pattern is the least offensive and easiest to maintain. All of this is a colossal waste of money. | Lake Hills |
| Apr 28 21 10:52:54 pm | "Bricks" pattern | | Crossroads |
| Apr 29 21 08:27:43 am | "Leaves" pattern | Most artsy, would be the one I'm most impressed by if I were visiting. | Downtown |
| Apr 29 21 02:25:38 pm | "Bike" pattern | | I do not live or work in Bellevue |
| Apr 29 21 02:51:13 pm | "Bike" pattern | It was between this and the spokes. I originally wanted the most visible options but I think the BIke design offers that a less degree but with more creativity which I really enjoyed. | Newport |

| | | | |
|-----------------------------|------------------|--|-----------------------------------|
| Apr 29 21 07:17:09 pm | "Leaves" pattern | It is a pleasant design, in keeping with our outdoor ethic. | Lake Hills |
| Apr 30 21 12:14:32 pm | "Bike" pattern | | I do not live or work in Bellevue |
| Apr 30 21 12:32:46 pm | "Bike" pattern | | I do not live or work in Bellevue |
| Apr 30 21 01:14:51 pm | "Leaves" pattern | Pedestrians will also appreciate the vehicle slow downs | Crossroads |
| Apr 30 21 08:24:54 pm | | This is silly. Don't you have something better to do? | |
| May 01 21 07:12:37 am | "Leaves" pattern | Nice bold color contrast, easy to see, but I feel like it will weather better than the finer lines of "bikes" and "spokes" | Cougar Mountain/Lakemont |

| | | | |
|-----------------------------|------------------------|--|--|
| May 01 21 11:53:25 am | "Bricks" pattern | I feel the other designs are too "busy" and distracting for both riders and drivers alike. I don't know where else to put this opinion, so sharing it here. My husband and I do a lot of walking, and as we live on SE 14th and 166th SE, we used the "closed" corridor extensively during the pandemic. I am concerned that with the heavy investment in a biking corridor, walking this same greenway will become less safe. Several times I was nearly run over by a biker riding rapidly along the "closed" corridor and have had to move out of a biker's way on several other occasions. It feels to me that having a bicycle corridor will lead to walkers feeling toward bikers the way bikers now feel toward automobile drivers. Sadly, too many people just don't seem to care about anyone other than themselves. We use the walking trails pretty extensively, too, and have had several occasions where bicyclists won't slow down, stop or move over for walkers. | Lake Hills |
| May 01 21 12:37:24 pm | "Wheel spokes" pattern | Spoked wheel | Crossroads |
| May 02 21 10:13:45 am | "Leaves" pattern | It compliments the natural surrounding of the area. | Bel Red |
| May 02 21 03:26:21 pm | "Leaves" pattern | | I do not know what neighborhood area I live in |
| May 02 21 09:16:28 pm | "Wheel spokes" pattern | Pretty, geometric, but not as busy as the Bike pattern | Lake Hills |
| May 03 21 10:12:58 am | "Bike" pattern | | Lake Hills |

| | | | |
|-----------------------------|------------------|---|---------------------|
| May 03 21 12:17:53 pm | "Bike" pattern | | West Lake Sammamish |
| May 03 21 02:13:58 pm | "Leaves" pattern | One cannot miss this and it is attractive. | Lake Hills |
| May 05 21 10:59:05 am | "Leaves" pattern | While I like the bikes option, the leaves are more "generic" and support the efforts of the city to be a city of trees. | NE Bellevue |
