

# City of Bellevue

## Using the Unspoken Truths Virtual Museum Experience

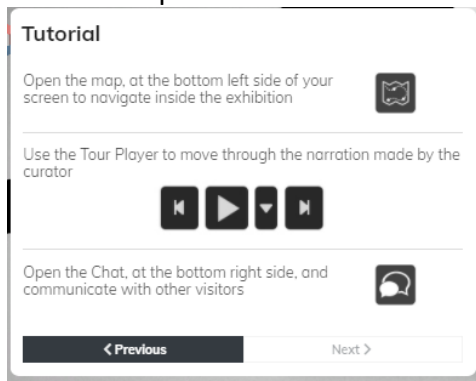

To fully enjoy the Unspoken Truths virtual museum experience, created by Alvaro Morales with support from ArtSteps, the following guide will help navigate the museum. On mobile, you may download the ArtSteps app with your smart phone via [Google Play](#) or the [Apple App Store](#).

Once you are ready to experience Delbert Richardson's Unspoken Truths museum and immerse yourself in history, go to the museum's [direct link](#).

- Click on the [i] for instructions on how to move around the museum.

- You may use the automated tour guide of the museum by using the Tour Player controls. This will also help with narration of the different artifacts in the museum.

- Click -> or <- to move forward or backwards between different artifacts.

The museum adaptation has been curated by Mr. Delbert Richardson, the traveling museum owner, and this virtual installation of his work is presented by the City of Bellevue in honor of Black History Month. The content and artifacts in the exhibit are owned and provided by the curator and not the City of Bellevue. The virtual museum platform is made possible by designer Alvaro Morales and Artsteps.
