Program Overview

Project Grants provide funding to support artistic, cultural and heritage projects that have the potential to fill cultural gaps and inspire longtime Bellevue residents and visitors in new and exciting ways.

Grant Request

Eligible applicants can request one of two levels of funding. Funding is only available for one year and cannot be carried into 2024. Depending on the amount of available funding and the number of applicants in a year, not all applications may be funded. Applicants are encouraged to find a variety of funding sources for their proposed project, especially if the project requires more than what is available through this grant.

The levels of funding that can be requested are:

- \$1,000
- \$2,000
- \$3,000 (non-profit applicants only)

Payment will be made at the end of the project. Depending on circumstances and city policy, exceptions may be made for receiving up to half of the award once work has begun.

Public Funding = Public Benefit

Washington law requires that individuals or organizations who receive public funding must provide a public benefit. Examples of public benefits are:

- Free or reduced-fare tickets to public performances, exhibitions, workshops, screenings, or readings
- Accommodating services that expand access to arts and culture to underrepresented groups
- Free, electronically accessible materials, including literary publications, audio, or video recordings.

Who May Apply?

- Individuals or groups who are the primary generators of the project.
