

2024 Project Grant Guidelines

About

Project grants are available to fund arts, cultural, and heritage projects serving Bellevue, Washington residents and visitors. We aim to support innovative projects led by artists, individuals, and communities which address cultural gaps and foster fresh avenues for creative engagement.

Applicants can request one of three levels of funding, \$1,000, \$2,000 and \$3,000. Projects must take place in 2024.

Add-on Grant Opportunity

When submitting an application for a Project Grant, applicants have **the option to apply for an extra \$1,000 grant called the BelRed Arts District bonus grant**. This particular grant is designed to encourage and motivate individuals to actively participate in the development and activation of the BelRed Arts District.

Program Overview

Project Grants provide funding to support artistic, cultural and heritage projects that have the potential to fill cultural gaps and inspire longtime Bellevue residents and visitors in new and exciting ways.

Grant Request

Eligible applicants can request one of three funding levels. Funding is only available for one year and cannot be carried into 2025. Not all applications may be funded depending on available funding and the number of applicants in a year. Applicants are encouraged to find a variety of funding sources for their proposed project, especially if the project requires more than what is available through this grant.

The levels of funding that can be requested are:

- \$1,000
- \$2,000
- \$3,000

Please note that **payment will be made at the end of the project**. Depending on circumstances and city policy, exceptions may be made for receiving up to half of the award once work has begun.

Public Funding Requires a Public Benefit

Washington law requires that individuals or organizations who receive public funding must provide public benefits. Examples of public benefits are:

- Free or reduced-fare tickets to public performances, exhibitions, workshops, screenings, or readings.
- Accommodating services that expand access to arts and culture to underrepresented groups.
- Free, electronically accessible materials, including literary publications, audio or video recordings.

Add-on grant opportunity

BelRed Arts District

Applicants can also apply for an additional BelRed Arts District bonus grant. This grant is designed to encourage the development of the BelRed Arts District. It consists of a fixed award of \$1,000 given to promising applicants whose projects will take place in the BelRed Neighborhood of Bellevue and who address specific additional questions in their application. If your project successfully raises awareness of the BelRed Arts District or activates a space within the district and you would like to apply again, the reviewing Allocations Committee may consider funding the project again in future years.

To learn more about the BelRed Arts District, please visit the below website. If you have questions or want to run your idea by staff, please do not hesitate to reach out to the program contact.

Recipients acknowledge that this application serves as a scope of work detailing how the funds will be used.

On-Site Reviews

The Arts Commission may request up to two tickets for an event to conduct an on-site review and organizational evaluation. City staff will provide ample notice to organizations if such tickets are requested.

Public Benefit

Grant recipients understand that at least one program, event, or service each year must be open to the public (in-person or virtual) to fulfill Washington state's gift of public funds requirement. See previous pages for more details about public benefits.

Final Report

Submitting a final report near the end of the year will be necessary to receive funding. The form is available online through the grant portal.
