

SAFE SYSTEM SPEAKER SERIES

Please join us for a presentation by a nationally recognized road safety expert.

Dr. David Yang is the President and the Executive Director of the AAA Foundation for Traffic Safety. He has co-authored numerous peer-reviewed journal articles, conference papers, and research reports on subjects related to vehicle technologies and automation, traffic safety, operations, and planning. Dr. Yang attended Purdue University and received his Bachelor of Science, Master of Science, and Doctor of Philosophy degrees in the field of civil engineering.

Date: September 16, 2024

Location: Bellevue City Hall
(450 110th Ave NE, Bellevue, WA 98004)

Room: City Hall Concourse & Council Chambers

Time: Networking reception - 11 a.m.-12 p.m.
Presentation - 12-1 p.m.

Dr. David Yang will present on:

A Safe System Guide for Transportation

Presentation Summary:

The United States is taking unprecedented steps in adopting a new road safety concept, the Safe System approach, which promises to build on our accomplishments and provide a pathway for reaching zero crash deaths. This presentation will discuss outcomes from a Safe System project initiated by the AAA Foundation for Traffic Safety, with collaboration from Johns Hopkins University, the Institute of Transportation Engineers, and the University of North Carolina at Chapel Hill. Recommendations and reports generated from this project should be useful resources for transportation safety advocates and stakeholders in both public and private sectors.

Networking reception with light refreshments provided by ITE Washington.
