2. Public Comment
 - There were no members of the public present.
3. Approve Meeting Summary from August 7, 2024
 - The meeting summary was approved with a spelling correction to a steering committee member's name.
4. SWOO
 - The committee discussed the city's strengths, weaknesses, obstacles and opportunities related to hazard mitigation.
 - Christina and Rob explained that the SWOO process will examine each hazard individually to determine where the city excels or could use improvement. The results of the SWOO will support the alternatives analysis and action planning processes.
 - Preliminary SWOO results attached. The next committee meeting will review the wildfire and dam failure hazards.
