What should the park be named?

Park Naming Policy

Council Resolution No. 10151 provides policies and procedures for naming public parks and recreation facilities based upon public input using the following criteria:

- a neighborhood or geographical identification;
- a natural or geographical feature;
- a historical figure or name of historical or cultural significance;
- an organization or individual that has made a significant contribution to the park system; and
- In the case of names for individuals or historic figures, consideration of diversity, equity and inclusion.
