Context & Timeline Update

What is the Sustainable Bellevue Plan?

Bellevue's long-term plan to reduce our city's greenhouse gas emissions and prepare for the impacts of climate change.

Focus Areas

**CLIMATE
CHANGE**

**ENERGY &
BUILDINGS**

**MOBILITY &
LAND USE**

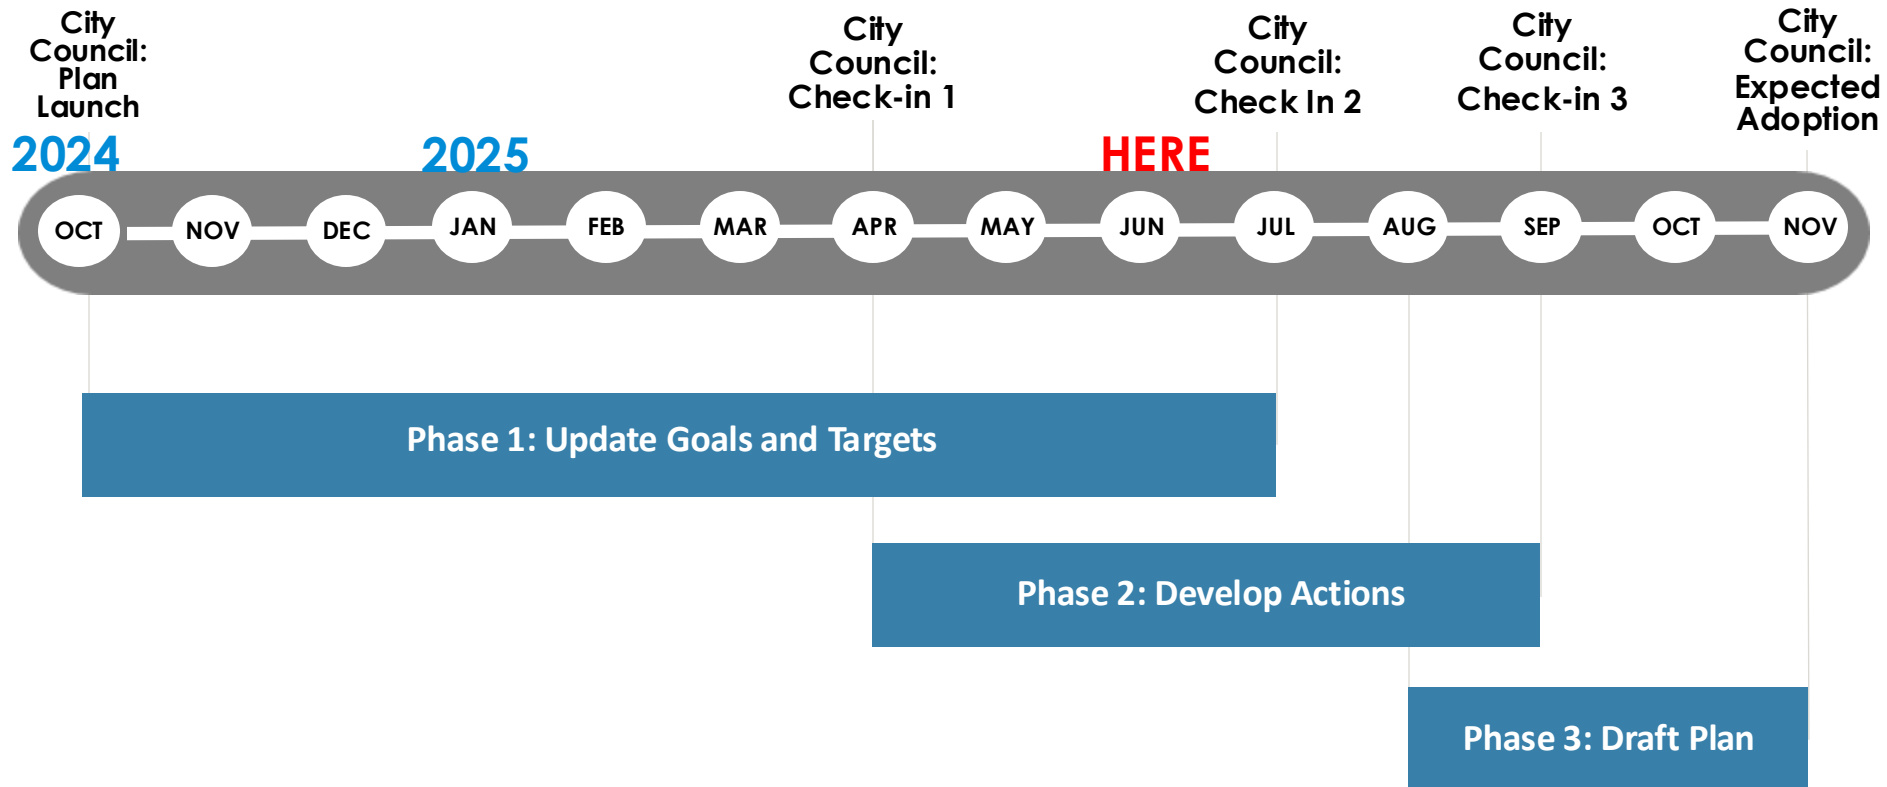

**NATURAL
SYSTEMS**

**MATERIALS
& WASTE
MANAGEMENT**

Plan Update Timeline

Our Vision for 2050

ENERGY & BUILDINGS

- Transition to 100% Renewable Energy
- Reduce Overall Energy Use

MOBILITY & LAND USE

- Encourage Sustainable Commutes
- Reduce Vehicle Trips
- Locate Jobs and Housing Near Transit
- Transition to 100% Electric Vehicles

NATURAL SYSTEMS

- Realize "City in a Park" Vision
- Promote Healthy Streams
- Conserve Water

CLIMATE CHANGE

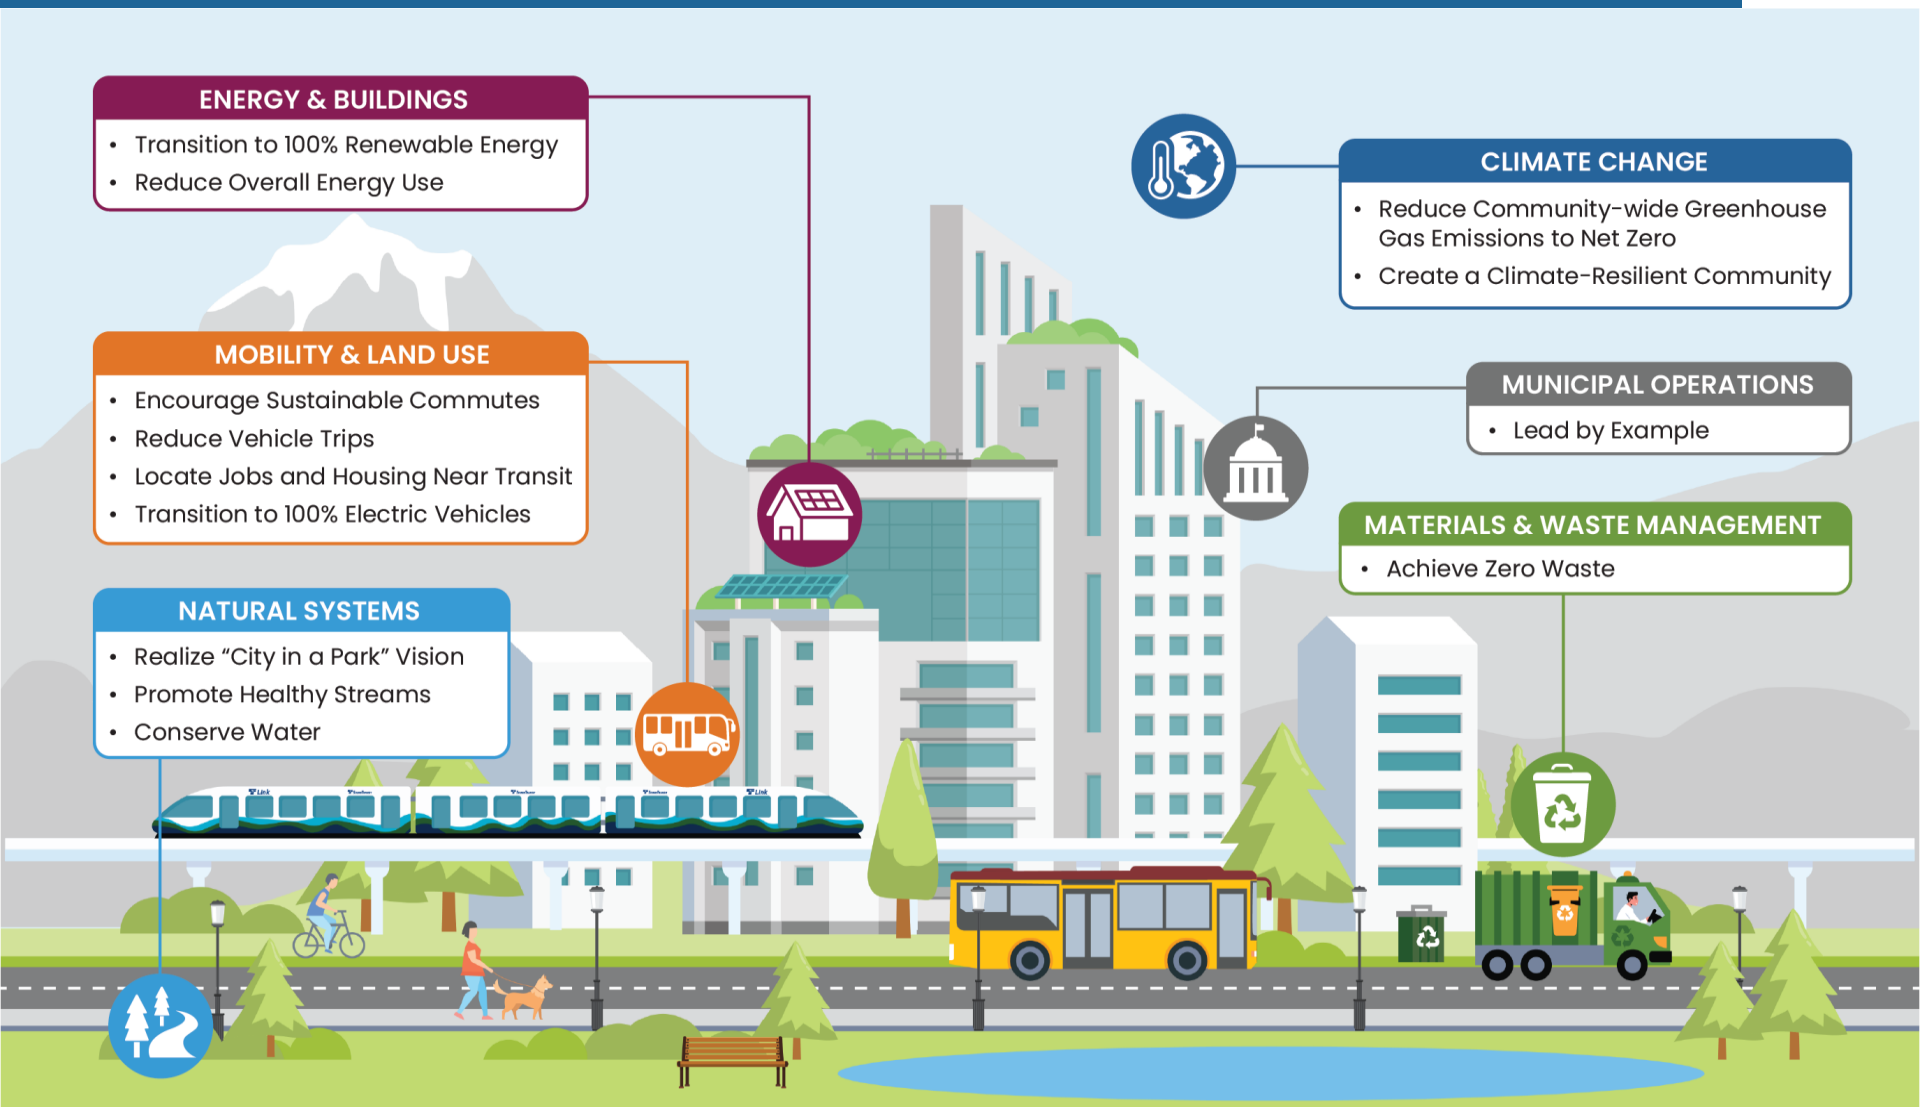

- Reduce Community-wide Greenhouse Gas Emissions to Net Zero
- Create a Climate-Resilient Community

MUNICIPAL OPERATIONS

- Lead by Example

MATERIALS & WASTE MANAGEMENT

- Achieve Zero Waste

Engagement to Date

Engagement Overview

- Phase I Engagement Reach:
 - 250+ Bellevue students
 - 110+ participants at in-person workshops or townhalls
 - 50+ community members at pop-up tabling events
 - 470 survey respondents (including 2 in Spanish and 46 in Simplified Chinese)
- Phase II Engagement to date:
 - EarthFest activities
 - Staff workshops
 - CBO partnership virtual event

Key Engagement Takeaways

- 81% of Bellevue residents have already experienced climate impacts in Bellevue.
- 68% of respondents think the city should prioritize environmental initiatives even if they require significant investment.

Draft Actions and Strategies

Draft Actions

DRAFT ACTIONS	Sustainable transportation	Renters and low-income residents	Prepare for climate change	Improve Engagement
Improve public transit speed and reliability	X	X		
E-bike share program with support for low- and middle-income residents*	X	X		X
First/last mile transit solutions connecting neighborhoods to transit and Light Rail	X	X		
Expand sidewalks and bike lanes	X	X		
Close residential streets to non-local cars to support healthy and safe pedestrian and bike recreation	X		X	
Help multifamily housing install EV charging		X		

Draft Actions (cont.)

DRAFT ACTIONS	Sustainable transportation	Renters and low-income residents	Prepare for climate change	Improve Engagement
Engage community-based organizations and underrepresented community members in sustainability program design		X		X
Prepare for extreme heat		X	X	X
Expand access to alerts, warnings, and emergency communications tools		X	X	X
Build climate preparedness into programs with community-based organizations		X		X
Partner with a community-based organization to create a resilience hub serving vulnerable community members		X		X

Draft Actions (cont.)

DRAFT ACTIONS	Sustainable transportation	Renters and low-income residents	Prepare for climate change	Improve Engagement
Support green affordable housing		X	X	X
Create a sustainability program supporting multifamily housing property managers and tenants		X		
Support community-based organizations and non-profits improve energy efficiency		X	X	X
Insulate low-income homes and affordable housing to improve indoor air quality and reduce energy bills		X	X	X
Support green building for middle housing		X	X	

Discussion

Discussion

- Does BDAN have feedback on the draft actions related to equity and inclusion?
- How do you view the potential for the 2026-2030 Sustainable Bellevue Plan to advance existing BDAN priorities or actions?
- Are there other important steps the city could evaluate to meet our 2030 and 2050 climate and sustainability goals?

Thank You
