

# CONSTRUCTION ALERT

## Newport Heights Traffic Safety Improvement Project

June 2025

### Speed cushion installation on 119th Avenue SE

In 2020, three speed cushions were installed on the north end of 119th Avenue SE, between Lake Heights Street SE and SE 48th Street. In 2023, three more rows of speed cushions were installed south of SE 48th Street. These speed cushions have decreased the average driving speed by up to 5 mph and significantly reduced high end speeding.

Three additional sets of speed cushions will be installed between SE 48th Street and SE 54th Place. This is intended to be the last phase of speed cushions. The speed radar sign at SE 52nd St was removed to reduce signage conflict with the speed cushion being installed at that location.

**Construction schedule:** Construction may occur as early as summer 2025. Work is weather dependent.

**Approved work hours:** Mon.-Fri., 8 a.m.–4 p.m.

**Traffic Impacts:** Alternating lane closures.

**Access:** Pedestrian, bicyclist and driveway access will be maintained.
