Welcome to the Fall 2026 Activity Guide

Fall is a season of new beginnings, fresh experiences and meaningful connections. From neighborhood parks and community centers to trails, classes and special events, Bellevue Parks & Community Services offers opportunities for people of all ages and interests to discover something new from September through December.

The season begins with Fall Into Fun, our month-long celebration inspired by Welcoming Week, a national initiative that brings together neighbors of all backgrounds to build connections and foster a sense of belonging.

Bellevue Parks & Community Services brings together parks, recreation, arts, culture and human services to create welcoming spaces and meaningful experiences for all. Our mission is to connect people to exceptional parks, natural areas and programs that support well-being and belonging.

Within this guide, you'll find opportunities for every age and interest, including fitness classes, youth programs, sports leagues, nature experiences, lifelong learning, special events and more.

We believe everyone should have the opportunity to participate. Financial assistance is available to help remove barriers so more community members can access our programs and services.

We look forward to welcoming you to Bellevue's parks, community centers and recreation facilities this fall and winter.
