

CONSTRUCTION ALERT

Mountains to Sound Greenway Trail – Phase 3

142nd Place SE to the I-90 pedestrian overcrossing at 150th Avenue SE

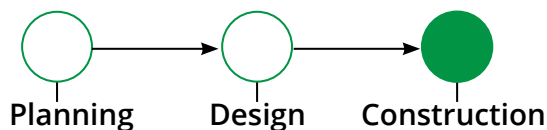

June 2026

Description

The Bellevue Transportation Department is about to begin construction on the third phase of the Mountains to Sound Greenway Trail from 142nd Place SE to the I-90 pedestrian overcrossing at 150th Avenue SE. When complete, the overall trail will span approximately 40 percent of Bellevue from the I-405 ramps and Factoria Boulevard Crossing approaching 150th Avenue SE. The following will be constructed to improve safety for people walking, biking and rolling.

- 12-foot-wide paved pedestrian and bicycle path north of SE 36th Street.
- Two mid-block crosswalks at 146th and 148th Avenue SE.
- New retaining walls, lighting, landscaping, and pavement restoration.

The Mountains to Sound Greenway is a 100-mile corridor along I-90, stretching from the Seattle waterfront to Ellensburg in Central Washington and is designated as National Heritage Area. More than 3.5 miles of trail, between Factoria Boulevard SE and SE Lakemont Boulevard, is planned for Bellevue, including future phases extending the trail from 150th Avenue SE to SE Lakemont Boulevard.

What to expect

Construction is expected to begin in June and be complete by the end of 2027. General working hours are Mon.-Fri., 7 a.m.-6 p.m. with some weekend and night work. Construction schedules are subject to change.

Throughout certain phases of the project, sections of SE 36th Street between 142nd-150th Avenue SE will be reduced to a single lane with alternating traffic managed by a temporary traffic signal.

Updates will be available on [BellevueWA.gov/traffic-advisories](https://www.bellevuewa.gov/traffic-advisories)

For your safety

Thank you for your patience during construction and for doing your part to be safe near the work zone.

Funding

The Washington State Legislature appropriated \$6.6 million in state Move Ahead WA funding the 2025-27 budget for the construction of this segment. \$8.09 million in federal construction funding also came from the Puget Sound Regional Council.
