no flocking or decorations

**NO PLASTIC BAGS OR PLASTIC CONTAINERS • NO GLASS •  
NO PET WASTE • NO GARBAGE**

## HOW TO COLLECT ORGANICS

Collect your food scraps in a paper bag, newspaper, or Cedar Grove-approved compostable bag and then place in your organics container. Visit [cedar-grove.com/commercial/accepted-items/](http://cedar-grove.com/commercial/accepted-items/) for a list of approved compostable bags and packaging.

Approved compostable bags may look like regular plastic, but they are made of plants, so they compost.

**DO NOT put any plastic bags, plastic containers, or pet waste in your organics cart.**
