Bellevue Downtown Station Pre-Development Advice

- **The CAC recommends that the issue of lighting be uncoupled from the issue of meeting the needs of those with disabilities and that both audio and visual cues be included in station design.**
- **The CAC recommends that the design of the Downtown Transit Center Station should complement the existing City Hall and new plaza design while providing distinct elements that demarcate the different uses.**
- **The CAC recommends enhanced weather protection at the corners between the existing bus transit center and the new Downtown Transit Center Station.**
- **The CAC recommends that restroom facilities be incorporated into the Downtown Transit Center Station design.**
- **The CAC recommends that variable seating heights be provided at all light rail stations in Bellevue.**
