Northeast Bellevue
VOTER'S PAMPHLET & BALLOT

It's what you've been waiting for…time to vote!

The Northeast Bellevue area has received $307,000 to implement residents' desired enhancement projects, and we need your vote!

In the spring of 2017, the city received 96 requests to enhance the livability of Northeast Bellevue in various ways. Using these requests, we were able to generate 17 enhancement projects, which are described in this pamphlet. The requests that were not developed into projects either did not meet the NEP criteria, were referred to other departments, or are being addressed by ongoing, city work programs.

Please identify on your ballot, in priority order, which three projects you feel are most deserving of these funds. Three points will be assigned to your first choice, two to your second, and one to your third. We will tabulate your responses and fund the highest-scoring projects with the $307,000 NEP allocation. You will receive a newsletter in late November 2017 with information on the winning projects and the associated project managers, which will also be posted on the NEP website (http://www.bellevuewa.gov/nep.htm).

Please select your top three projects by completing and returning the enclosed ballot by ***Wednesday, November 1, 2017. Ballots mailed after this date will not be accepted.*** Please contact Ying Carlson with questions, at ycarlson@bellevuewa.gov, or 425-452-4342.

Northeast Bellevue Ballot

Neighborhood Enhancement Program

PAID
PERMIT #61
BELLEVUE, WA

NE-1: Ardmore Park Playground Improvements $67,000
Ardmore Park
This project includes toilet facilities, fencing and playground equipment modifications. The existing post and rail fencing around the playground would be replaced with new black vinyl chain link fencing. The open entry to the play area will be moved from the north side to east or west side of the playground. In addition, a new playground sandbox with "digger" equipment will be installed within the existing footprint of the playground area. The existing bouncers will be replaced with a teeter totter. The clubhouse will be replaced with a new rotating climber. These improvements will be added to the scope of a planned project to replace the playground equipment. Additionally, the portable toilet will be left onsite and serviced on a year-round basis.

NE-2: Ardmore Park Picnic Shelter & Water Fountain
Ardmore Park **$95,000**
This proposed project includes the addition of a water fountain and picnic shelter to be located to the west side of the existing path on the west side of the playground. The shelter would be approximately 14 feet wide by 20 feet long and have views of the playground area and the adjacent open field. The picnic shelter would be furnished with (2) picnic tables and 1 grill. There would be no power or water provided, other than for the water fountain. The installation of this picnic shelter would be dependent upon a review with the neighbors.

NE-3: Neighborhood Entry Treatments $125,000
Ardmore & Lochmoor
This project would replace existing entry signage in the Ardmore and Lochmoor neighborhoods to support neighborhood identity. Ardmore would receive one new sign with a small amount of new landscaping. Lochmoor would receive two new signs with small areas of new landscaping around each. The south Lochmoor sign, currently located in the sidewalk, would be relocated slightly to provide a clear pedestrian area.

NE-4: 176th Avenue NE and NE 10th Street Crosswalk
176th Avenue NE and NE 10th Street **$85,000**
This project would install new marked crosswalk at the intersection of 176th Avenue NE and NE 10th Street. Project would require new ADA compliant concrete curb ramps with traffic curb and gutter on both sides of NE 10th Street, crosswalk signage, and pavement markings.

NE-5: Disc Golf Course $18,000
Ivanhoe Sports Field
This project consists of designing and constructing a disc golf course at Ivanhoe Sports Field. The disc golf course would be installed within the wooded trail section of the park bordering the west and south sides of the existing park. The disc golf course would consist of between four and six holes/ baskets with natural tees and could be used for practice. The installation of this course would be dependent upon a review with the neighbors.

NE-6: Adult Exercise Equipment $26,000
Ivanhoe Park
This project includes the addition of 4 to 6 pieces of adult exercise equipment along the perimeter of the existing playground at Ivanhoe Park. The equipment would allow park users to exercise while still being in close proximity to their children. Equipment would consist of cardio equipment along with strengthening equipment (i.e. pull up bars, incline benches, etc.).

NE-7: Picnic Shelter $57,000
Ivanhoe Sports Field
This project includes the addition of a picnic shelter proposed to be located adjacent to the existing playground and sports fields, providing users to a view of each feature. The shelter would be approximately 14 feet wide by 20 feet long and would be furnished with (2) picnic tables and 1 grill. There would be no power or water provided. The existing picnic tables would be removed.

NE-8: 164th Avenue NE Landscaping $120,000
164th Avenue NE: Northup Way to NE 8th Street
This project would improve the appearance of the eastern side of 164th Avenue NE, between NE 8th Street and Northup Way, to support a more pleasant pedestrian experience. This project would provide landscaping in the existing grass ditch, between the street and the pathway, as well as in the grassy strip between the pathway and the fence line.

NE-9: NE 19th Place Streetlight $12,000
NE 19th Place
This project would install a new streetlight pole and LED on NE 19th Place at the entrance to a trail to Interlake High School. If funded, this project may require permission from homeowner(s) adjacent to the proposed light location. The project includes the amount of earthwork required to get underground power to the streetlight.

NE-10: 165th Ave NE and NE 26th St Streetlights
165th Avenue NE: NE 28th Street to 166th Avenue NE;
NE 26th Street: NE 25th Place to 168th Avenue NE **$16,000**
This project would install up to 13 LED streetlights on existing Puget Sound Energy (PSE) utility poles. This project would require PSE to verify the feasibility of each location. If funded, this project may require permission from home owners adjacent to proposed light locations.

NE-11: 165th Ave NE Fog Line $20,000
165th Avenue NE from the east end of NE 25th Place to south of NE 28th Place
This project would provide a white painted fog line to designate a 5-ft wide walking path along the west side of 165th Avenue NE, from the east end of NE 25th Place to south of NE 28th Place (approximately 800 feet). This project would require parking to be limited to the east side of the roadway in order to provide a designated walking path for pedestrians.

NE-12: 168th Ave NE Sidewalk $140,000
168th Avenue NE north of Northup Way to NE 16th Place
This project would install a 5-ft wide concrete sidewalk, curb and gutter along the east side of 168th Avenue NE, from where existing sidewalk ends north of Northup Way to NE 16th Place. The project would include ADA compliant curb ramps at the northeast and southeast corners of the intersection of NE 16th Place and 168th Avenue NE. This would improve the existing roadway conditions and provide a safer walking path along the roadway.

NE-13: 168th Ave NE Streetlights $40,000
168th Avenue NE north of Northup Way and south of NE 16th Place
This project would install up to 3 new streetlights on 168th Avenue NE. If funded, this project may require permission from home owners adjacent to the proposed light locations. The project includes the amount of earthwork required to get underground power to the streetlights.

NE-14: 173rd Ave NE Asphalt Walkway $90,000
173rd Avenue NE from Northup Way to south of NE 13th Place
This project would install a 6-ft wide asphalt walkway along the east side of 173rd Avenue NE behind existing curb, from Northup Way northward to the end of existing sidewalk south of NE 13th Place (approximately 600 feet of walkway). This project would clear existing overgrown vegetation and create a better surface for people as they walk along the roadway.

NE-15: 173rd Avenue NE Sidewalk $130,000
173rd Avenue NE north of NE 17th Place to NE 18th Place Intersection
This project would install a 5-ft wide concrete sidewalk, curb and gutter along the east side of 173rd Avenue NE, from where existing sidewalk ends north of NE 17th Place to the crosswalk at NE 18th Place. The project would include ADA compliant curb ramps at the northeast and southeast corners of the intersection of NE 18th Place and 173rd Avenue NE. This would improve the existing roadway conditions and provide a safer walking path along the roadway.

NE-16: Ardmore Park Trail $110,000
Ardmore Park
This project would provide a four-foot-wide, multi-use trail through Ardmore Park. The project would include two wayfinding trail bollards and a 40-foot-long pedestrian bridge over the stream. The trail would begin at the northeast corner of Ardmore Park, north of NE 26th Court, and travel southwest until intersecting with the existing trail. This project would bring an existing social trail into compliance with City of Bellevue trail standards, as well as incorporate reforestation and habitat enhancement opportunities for community volunteer participation.

NE-17: NE 8th St Landscaping $45,000
NE 8th Street: south side, between 168th Place NE and 167th Avenue NE
This project would provide a new irrigation system and landscaping on the south side of NE 8th Street, just west of the Lochmoor neighborhood signs, between 168th Place NE and 167th Avenue NE. The plants selected for this project would feature the Lochmoor neighborhood entry, and match the plantings on the north side of the street.

For more information on the proposed ballot projects, including design concepts, please visit the NEP website http://www.bellevuewa.gov/nep.htm.
