- Downtown Residents
 - 2013: 10,500
 - 2035: 20,000
- Downtown Employees
 - 2013: 44,800
 - 2035: 72,000
- Diverse Downtown population
 - 46% minorities
 - 20% seniors (65+ years of age)
 - 10% low income
 - 10% disabled

Ordinance No. 5861 (2/17/2009)

- Formulated vision, goals, objectives.
- Assessed gaps in the non-motorized network.
- Established performance targets.

2014 Performance Target:

“Within 5 years, implement at least one completed and connected east-west and north-south bicycle route through Downtown Bellevue.”

- 2009 Pedestrian & Bicycle Transportation Plan

7. Performance Management Report

- Extensive Public outreach
 - PBII Wikimap 1 (safety issues)
 - PBII Wikimap 2 (project ideas)
 - Bike Lanes Open House
 - 11 public meetings
 - Letters of support from corporate, institutional, and non-profit stakeholders
 - Cascade bike network policy ride
- Inter-agency coordination
- Transportation Commission review and approval of Bicycle Rapid Implementation Program
 - Council-appointed body serving advisory role

“The separated lane is very attractive for safety reasons. My greatest concern is the taking of scarce roadway space for a limited user base.” – Lampe

“Separating the biker from traffic is a given.... We provide it for cars to prevent accidents. We should provide it for bikers given the imbalance in protection.” – Barksdale

BELLEVUE
**PEDESTRIAN
& BICYCLE**
IMPLEMENTATION INITIATIVE

Bellevue Boards and Commissions

The Bicycle Rapid Implementation Program (BRIP) strives to fill gaps **[Connected]** along the Priority Bicycle Corridor network, and planned bicycle network, with facilities that appeal to “interested but concerned” bicyclists **[Protected]**. The BRIP approach emphasizes implementation of low cost/ short timeframe **[Rapid]** projects.

- **Connected**: Prioritizes a connected network that “fills the gaps” in lieu of piece-meal implementation.
- **Protected**: Promotes physically separated facilities to minimize conflicts between roadway users where possible.
- **Rapid**: Identifies early-win opportunities that can be implemented quickly to advance project delivery.

Bicycle Rapid Implementation Program

The Bicycle Rapid Implementation Program (BRIP) makes recommendations for citywide investments in bicycling infrastructure.

The current version of this program identifies 52 project ideas that, with only a few exceptions, would use low-cost materials installed within existing roadway widths to install new bicycle facilities and upgrade existing accommodations to improve the connectivity, coverage, and comfort of bicycling infrastructure in Bellevue.

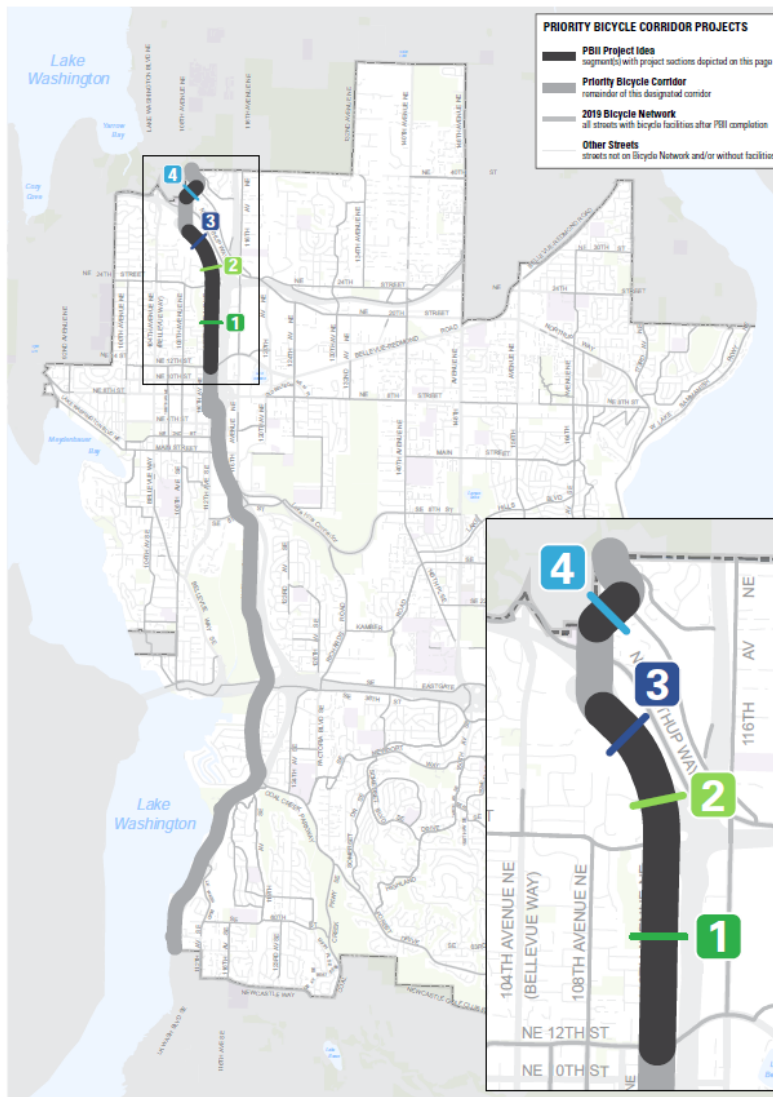

All of these project ideas are preliminary and subject to revision following additional community consultation and engineering design.

Draft Bicycle Rapid Implementation Program

PROJECT IDEA PBC-6: 112TH AVE NE, 108TH AVE NE

Bicycle Classification: Priority Bicycle Corridor

Street Classifications: Minor/Major Arterial

Traffic Volumes (AAWT):
8,900 (NE 12th St to NE 24th St); 10,000 (NE 24th St to SR-520); 12,500 (SR-520 to Eastside Rail Corridor)

Posted Speed Limits:
30-35 MPH

Existing Bicycle Facilities:
Bike Shoulders, One or Both Sides (NE 12th St to NE 24th St); Shared/Wide Outside Lane (NE 24th St to SR-520 and Northup Way to NE 38th PI)

Major Nearby Destinations:

Downtown Bellevue, Bellevue Montessori School, South Kirkland Park-and-Ride, McCormick Park

Bicycle Network Connections:

NE 12th St (PBC EW-2), Northup Way, Eastside Rail Corridor (PBC NS-3)

Population (¼-mile buffer): 5,209 residents

Employment (¼-mile buffer): 13,712 jobs

2009 Plan Projects:

B-101 (High), B-104 (High), S-303 (High)

Typical Street Sections:

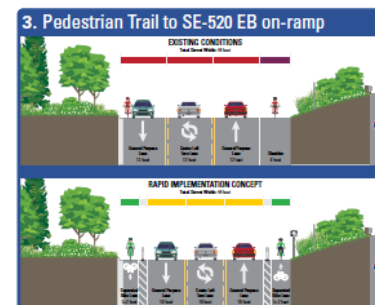

Photo Source: Google Maps Street View

**PEDESTRIAN
& BICYCLE**
IMPLEMENTATION INITIATIVE

Representative Project Idea

This project would implement:

- **Separated Bike Lanes** on both sides of the street, from NE 12th St to SR-520
- An **On-Street Pedestrian Path** for 1/4-mile on one side of the street, where no sidewalks are present
- Two **Mid-Block Crossings** with a Rectangular Rapid Flashing Beacons (RRFB)

“We strongly urge you to prioritize funding for a complete, connected 57 mile network of bike/ped infrastructure throughout Bellevue, emphasizing protected bike paths as much as possible.”

- Eric Artz, Chief Operating Officer

“We support increased investment in bicycling infrastructure and taking rapid action on the following projects ...”

- Al Kinisky, Senior Director of Real Estate

Seattle Children's
HOSPITAL • RESEARCH • FOUNDATION

“... the Bicycle Rapid Implementation plan is a cost-effective strategy to help transform Bellevue into a safe and inviting urban center for bicyclists and vital for improving station access in preparation for Sound Transit's East Link....”

- Lisa Brandenburg, President

Corporate Support

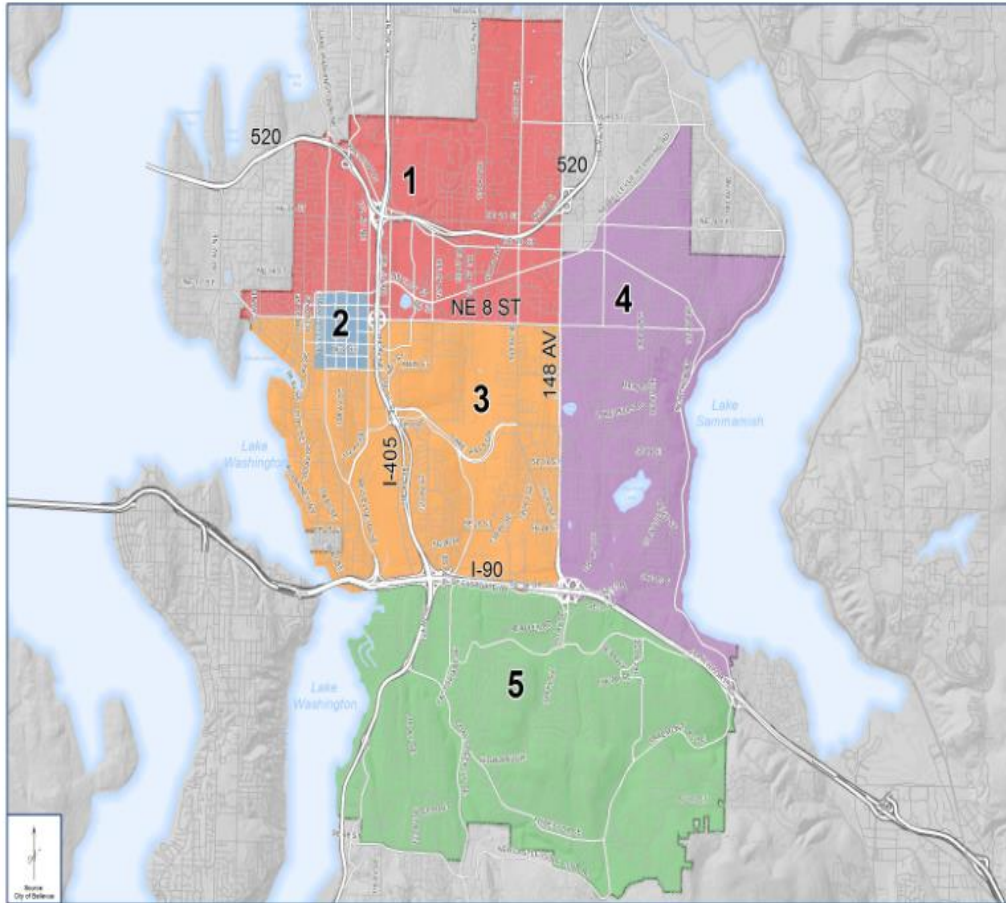

Keypad Polling

“Engage community stakeholders in setting the priorities for investment in non-motorized facilities.”

- Bellevue City Council, Project Principles (Approved February 9, 2015)

Where do you live?

6. None of the above

How old are you?

1. Under 16
2. 16 - 24
3. 25 - 34
4. 35 - 44
5. 45 - 54
6. 55 - 64
7. 64 +

How often do you bicycle in Bellevue?

1. Never!
2. Rarely
3. Sometimes
4. Often
5. All the time!

What would prompt you to bicycle more?

SELECT YOUR TOP 2 THAT APPLY

1. Slower traffic
2. Fewer vehicles
3. More separation of bikes from cars
4. More traditional bike lanes
5. Other

What kind of bicycle trips would you want to take?

SELECT ALL THAT APPLY

1. Longer trips (across town, commute to work, etc.)
2. Shorter trips (school, local park, etc.)
3. Recreational biking around neighborhood
4. Other

Do you feel safe bicycling in Bellevue?

1. Yes
2. Sometimes
3. No
4. Not applicable

What kind of a bicyclist are you?

1) Strong & Fearless

[Will ride anywhere regardless of conditions]

2) Enthusiastic & Confident

[Confident in traffic, prefer a bike lane]

3) Interested but Concerned

[Fearful of riding in traffic; only ride on low traffic streets, protected bike lanes, or off-street paths]

4) No way, No how

[No interest in bicycling; will not ride under any circumstances]

What kind of bicyclist should we design facilities for on priority corridors in Bellevue?

Which of these types of facilities would encourage you to bicycle in Bellevue?

1) Shared Lane Marking

2) Bike Lane

3) Protected Bike Lane

4) Off-Street Path

Which of these types of facilities would encourage you to bicycle in Bellevue? (Multiple Choice)

	Responses	
	Percent	Count
Shared Lane Marking	2.42%	3
Bike Lane	29.84%	37
Protected Bike Lane	53.23%	66
Off-Street Path	14.52%	18
Totals	100%	124

Mayor John Stokes
450 110th Ave NE
PO Box 90012
Bellevue, WA 98009

BELLEVUE PEDESTRIAN AND BICYCLE
RAPID IMPLEMENTATION PLAN (BRIP)

Dear Mayor Stokes,

We were thrilled to hear of the work being done through the Pedestrian and Bicycle Implementation Initiative, and offer our support for the Bicycle Rapid Implementation Plan (BRIP) and associated CIP investment priorities, and strongly encourage the emphasis of protected bike paths whenever possible.

As a growing company in downtown Bellevue, it is a high priority to us that we provide safe and efficient means of transportation within Bellevue as well as to and from home and work in neighboring communities.

Specifically, we support the projects that will directly impact our employees commuting to and from our downtown office in the Bellevue Connection Building on 106th and 5th:

- PBC-1: 108th Ave S (South of Main St); PBC-2: 108th Ave NE (Main St. to NE 12th St.); PBC-3: 108th Ave NE, NE 24th St (Northtowne Bikeway); PBC-5: 114th Ave; PBC-6: 112th Ave NE, 108th Ave NE; PBC-12: NE 12th St; PBC-13: Lake Washington Blvd NE, Main St; PBC-14: SE 8th St., Lake Hills Connector
- BN-2: 106th Ave NE (Main St. to NE 12th); BN-1: NE 1st St, NE 2nd St; BN-22: Northup Way
- NB-4: Southwest Bellevue Bikeway

Improved bicycle connections to downtown Bellevue will not only benefit the city's current residents and employees, but will help set up Bellevue to be successful in providing safe and efficient commuting options to its future residents and employees as the city continues to grow rapidly.

On behalf of Bunge and our employees, thank you for your timely efforts to implement BRIP.

Sincerely,

Pete Parsons
Chief Executive Officer

Budget Hearing (7/18/16)

Residents and businesses have the opportunity to communicate their perspective on a potential transportation and fire facility projects ballot measure at:

https://emcresearch.qualtrics.com/jfe/form/SV_bdUTcwxsjz7wX2Z

Below is a list of neighborhood transportation priorities that could be funded in the City of Bellevue. Please rank each item as high, medium, or low.

	High	Medium	Low
Enhanced technology for safety and traffic management: Investing in transportation technology to reduce congestion and improve safety on Bellevue roads	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sidewalk and trail maintenance enhancement: Making sidewalks and paths safer for pedestrians; increasing maintenance of the sidewalks and trails we currently have	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
New sidewalks and trails: Building more sidewalks; more sidewalks and crosswalks connecting neighborhoods throughout Bellevue to improve pedestrian safety	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Neighborhood safety: Implementing traffic calming measures designed to slow down traffic in areas where there is high foot traffic, to increase safety for drivers, walkers, and bicyclists; addition of downtown midblock and other crosswalks; investing in safe walking and biking routes to school for students at every public school in Bellevue	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Reducing congestion: For residents entering and leaving neighborhoods.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
New bike facilities: Building more bike paths separated from traffic	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
