CONSTRUCTION ALERT

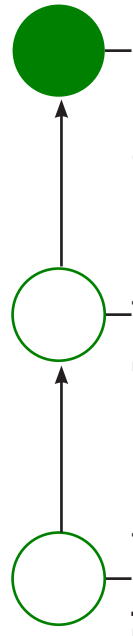

Traffic Signal Replacement: 148th Avenue NE and NE 8th Street

Description and benefits

The Bellevue Transportation Department plans to upgrade aging equipment, improve the pavement and enhance safety at the intersection of 148th Avenue NE and NE 8th Street. The project will:

- Replace the existing traffic signal at 148th Avenue NE and NE 8th Street with a new signal including poles, conduits and wiring.
- Install new energy efficient LED street lights at intersection.
- Repave the intersection.
- Repair sidewalk on all sides of intersection.

What to expect

Construction begins in early summer and completion is anticipated by fall 2019. The repaving work will require grinding the roadway prior to paving. Lane closures will be required for this project.

- Daytime work hours Monday through Friday, 7 a.m. to 6 p.m. for traffic signal, and street light installation and sidewalk repair.

Traffic signal to be replaced at 148th Ave NE and NE 8th St

- Nighttime work hours Monday through Friday, 9 p.m. to 6 a.m. for paving, channelization and installation of loop detectors.

For your safety

Thank you for your patience as we work to improve this intersection. Please use caution and obey flaggers and uniformed police officers directing motorists through the construction zone.

Construction funding

This project is funded through the Major Maintenance Program. Estimated construction cost is \$740,000.
