Visioning Exercise (10 mins)

50 years from now you are touring the Bellevue parks and community services system. What do you want to see?

Given this desired experience, what are the three most important aspects of Bellevue parks and community services?

Individual Priorities (15 mins)

- 1) What, about Parks and Community Services, do you care about most?
- 2) Why did you join the Parks board?
- 3) If there is one thing you'd like to see accomplished during your Parks Board tenure, what would it be?

4) Given the answers to the previous questions, list at least three (3) of your priorities for Board work in the next 1-2 years.

5) Review pg. 14 of our packet; note A) items that align with your priorities, and B) add priorities of yours that are not currently listed.

6) Which of these items are the most important? Determine priority order. List your top three in order.

The path forward: *alignment* (15 mins)

- Let's share our top three priorities
- Now that you've heard each person's list, let's vote.
- Next, we'll compile the group list based on these votes.
- ...and take final comments.

Thank you!
